1948		224,516.78
1949		274,914.50

BOARD OF SELECTMEN AND SEWER COMMISSIONERS . . .

Organization—The Selectmen and Sewer Commissioners organized on January 17, 1949 at 8:50 P.M. as follows: Willis D. McLean, Chairman, John H. White, Clerk, John J. Burke, Howard S. Hanna and William J. Sheehan. During the year 42 regular meetings and 9 special meetings were held.

Finances—At the close of the year the bonded debit is \$722,000.00 an increase of \$410,000.00 over last year. During the year \$40,000.00 was paid on outstanding debt. \$5,000 was borrowed at 1% for two years for the Diamond Street Sewer, and \$445,000.00 was borrowed for twenty years at 13/4% for the New Stone School. The Excess and Deficiency Account (Surplus Account) has a credit balance of \$274,914.50 an increase of \$50,397.72 from last year.

Reserve Fund—Transfers from this fund, as authorized by the Appropriation Committee were as follows:

Planning Board	\$ 55.00
Library-Salaries	66.60
Administration	75.00
Sewer Maintenance	132.00
School Expenses	190.00
Highway Maintenance	1,500.00
Total	<hr/> \$2,018.60

Jury List—The following were drawn as Jurors during the year: John L. Geraghty, William E. Alden, Harold Stanhope, John Linnehan, George F. Jones, David Bartlett, Robert Fisher, John Sigmund, Peter Breymeir, Harry N. Mann, John Piattoni and Fred Morrison.

Board of Survey—The following hearings were held by the Board of Selectmen, acting as the Board of Survey on proposed street layouts:

Date of Hearing	Location	Disposition
August 11, 1949	Lewis Park Drive, North	Approved
	Lewis Park Drive, South	Approved
August 25, 1949	Page Avenue	Approved
November 3, 1949	Marguerite Road	Approved

Sale of Land—By authorization of the Annual Town Meeting, the following property, owned by the Town, acquired as a result of the foreclosure of rights of redemption was sold, thereby returning the property to a taxable basis:

Sold To	Location	Amount
Harrison P. Eddy, Jr.	Walpole-Medfield line	\$50.00
James Fitzgibbons	West St.	50.00
Lila C. Kendrick	Summit Ave.	50.00

Town Report—Walpole again awarded Honorable Mention in Class 1, population group, for our report of 1948.

Police Dept.—Levi S. Thompson, Chief of Police, retired on Feb. 28th following twenty-four years of conscientious, faithful service to the town. During all of these years as the head of our Police Department, he has performed his duties with efficiency, humaneness and with an understanding of human nature few officials attain. These qualities were particularly demonstrated in his handling of the problems of younger people and as the Walpole Times editorially expressed it, "Many a boy and family today can thank Chief Thompson for his understanding and direction." The townspeople have been fortunate indeed in having the services of Chief Thompson for so many years. Sergeant Timothy A. Cullinane has been appointed to succeed Chief Thompson. He was born in Walpole, has always resided here and has been a member of the Department since 1922. He is a graduate of the F. B. I. National Police Academy at Washington, D. C. and is a veteran of World War I. He is particularly well qualified to head the Department by experience, training and ability.

Veteran's Housing—Last year's report outlined the plan to provide housing for Walpole veterans at the Robbins Farm, so-called, which had been acquired from the Commonwealth for this purpose. The Walpole Housing Authority, originally appointed by the Selectmen has worked effectively as well as swiftly and on October 19th, ground-breaking exercises were held at "Robinwood", the appropriate name given to the new development. By next spring 45 single family houses should be ready for rental to qualified veterans.

Hospital Drive—At the request of the Trustees of the Norwood Hospital, the Selectmen undertook to conduct a campaign to raise Walpole's share of the Hospital's operating deficits for the years 1946, 1947, 1948 and 1949. Thanks are due the townspeople for responding so generously to the campaign which, while still in progress, should reach the goal of \$13,205 soon after the beginning of the new year. The Norwood Hospital is definitely a Walpole institution and therefore a Walpole res-

possibility. Few towns of Walpole's size have the advantages of a hospital having the facilities possessed by the Norwood Hospital and the Selectmen are glad to be of assistance in this deficit-raising campaign.

Welfare Board—Timothy E. Delaney, after 24 years of outstanding service, retired as Chairman of the Board of Public Welfare on September 1, 1949. A former Selectman, few men have served their communities so long and so faithfully as Mr. Delaney. His service as head of the town's Welfare agencies extended through more trying and difficult periods than have ever existed in all history—through the depression days of the 1930's as well as during two world wars. As a result of Federal Social Security regulations, changes will have to be made in our local organization. Briefly these include appointing an Investigator and Clerk, subject to Civil Service Rules and Regulations in order that the Town may participate in Federal reimbursement.

TOWN COUNSEL . . .

In accordance with the vote of the annual town meeting, I have performed all legal work for the town as set forth in section seven and article four of the Charter of the Town. Legal instruments have been drafted, executed and recorded. Opinions, both verbal and written, have been rendered to the various town officials, boards and committees. I have also appeared at various hearings at the State House on bills of concern to the Town.

Court action was instituted for damage to town property and in all cases the Town received reimbursement. A suit against the Inhabitants of the Town of Walpole was instituted by a resident of Worcester. This action was brought in the Superior Court of that County. This action was finally disposed of without any cost to the Town of Walpole.

May I take this opportunity to express to all the officials of the Town my sincere appreciation for the co-operation which has been extended to me.

RICHARD H. KANNALLY,
Town Counsel

Massachusetts Town Report Contest

**This Certifies that the Town of
Walpole
has been awarded
Honorable Mention
in population class one
for the year 1948**

This Contest is sponsored by the Massachusetts Selectmen's
Association and the Bureau of Public Administration of the
University of Massachusetts

EDWIN H. LOMBARD,
President of the Massachusetts
Selectmen's Association

In Memoriam

William F. Smith—Born in East Walpole, a life-long resident, Sealer of Weights and Measures for 18 years, William F. Smith died suddenly on May 31st. His long service as a town official, his activities as a member of the staff of the Walpole Times and his interest in his home town endeared him to a host of friends.

T. Edward Kannally—A former member of the Appropriation Committee and active in varied other committee assignments, T. Edward Kannally, died on October 13th. A past Commander of the Thomas H. Crowley Post of the American Legion, he spent time and effort on behalf of the veterans in the community and he was first to propose that the town undertake its veteran's housing project.

Michael J. Fitzgibbons—A member of the Walpole Police Department since 1919, at the time of his untimely death on November 19, 1949; he was the Senior Sergeant. The largest mobilization of police officers ever seen in Walpole were present at the funeral services in a final tribute to Sergeant Fitzgibbons.

T. EDWARD KANNALLY

Born Walpole, December 13, 1893

Died October 13, 1949

TOWN ENGINEER AND SUPERINTENDENT OF SEWERS . . .

HIGHWAY—This year's new highway construction included Diamond Street from Stone Street to the residence of Alfred Ceruti, Elm Street from the Neponset River to West Street, Pleasant Street from Walcott Avenue to the Norwood Line, Union Street from a point 150' westerly of Pleasant Street to the residence of Arthur Maguire, Robbins Road from Elm Street to the Veterans' of Foreign Wars Headquarters, Old West Street from West Street to Kendall Mills and Winter Street from Route 1-A to the residence of Christian Zahner.

Following the installation of the sewer laterals and services in sections of Diamond, Pleasant and Union Streets resurfacing was completed. The Diamond Street Construction consisted of a tar and gravel roadway 24' wide with proper drainage provided. Pleasant Street Construction from Walcott Avenue to Union Street which is 40' wide and from Union Street to the Norwood Line 30' wide was curbed and surfaced with bituminous concrete. The Union Street construction is 30' wide with a bituminous concrete surface. Elm Street Construction consisted of a tar and gravel roadway 24' wide with proper drainage provided, Old West Street consisted of a tar and gravel roadway and Winter Street consisted of a 24' tar and gravel roadway with proper drainage provided. Robbins Road to the new dump was rebuilt. When completed Robbins Road will be a 24' tar and gravel roadway. Two new 36" corrugated iron pipes were installed with concrete headwalls at the brook. The Appropriation Committee made available funds to gravel this section to the new Town Dump in order to insure safe travel. It will be surface treated next year.

The following streets were cleaned, patched and then resurfaced: Bowker, Burns Avenue, Calvert Road, Charlotte Road, Coney from Gould Avenue to Traphole Brook, Eleanor Road, Elm Road, Grant Avenue, Gould Avenue, Hartshorn Road, Marsden Road, May, Mylod, Norfolk, Oak, Pemberton Street from the cemetery to the end of acceptance, Polley Lane, South, Sumner and Willett Streets.

The following streets were regaveled, shaped and surface treated: Clinton Avenue, Hoover Road from the end of the hard surface road to the residence of Harry Ahearn, two sections of Killeen Road adjacent to Coney Street, Lewis Avenue from the residence of Raeburn Davenport to the end of acceptance and William Street. Other streets resurfaced appear in the Chapter 90 Report.

Brush was cut on the following streets: Brooks, Bullard, Burrill, Cedar Street from Main Street to Eisner's, Chapman, Congress, Elm Road, Elm Street, Federal, Fisher, Gill, Gould,

High, Hoover, Kendall, North, Old Post Road from Polley Lane to High Plain Street, Pemberton, Pine, Plimpton, Robbins Road from Lee's to Pemberton Street, South, Sumner and Winter Streets.

The sidewalk program consisted of the resurfacing and repairing of sidewalks on East Street from the residence of Luigi Carpentiero to Gleason Court, a section of Elm Street from West Street westerly approximately 75', School Street from East Street to Maple Street and 406' on South Street in front of the Norfolk Waste Paper Company and the Kendall Mills. Aprons were installed on Clapp, Diamond, East, Elm, Gould Avenue, Rhoades Avenue, Union, Washington and West Streets.

Due to the open winter, snow removal was much less of a problem than in previous years. Our work was confined largely to the sanding of icy pavements.

EQUIPMENT—During the year the Town purchased a Ford $\frac{1}{2}$ ton pick-up truck. With the exception of a 1939 $\frac{1}{2}$ ton pick-up truck and the Austin Western Grader all other equipment appears to be in satisfactory condition. An Article has been inserted to replace the $\frac{1}{2}$ ton pick-up truck and consideration should be given to the replacement of the grader in the near future. I am also requesting the purchasing of an additional snow loader to remove the snow in East Walpole. This I believe would be an economical purchase because at the present time we are obliged to rent equipment.

Chapter 90 Construction and Maintenance—The rebuilding of Washington Street

from the end of the 1948 construction Northerly to a point opposite the residence of William R. McNeil was completed this year at a cost of approximately \$18,000.00. One-half of the cost was allocated to the Town from the State Highway Fund and under Article 24 of the Annual Town Meeting on March 14, 1949, the sum of \$10,000.00 was appropriated. This construction was done by contract. Bids were received at the State Department of Public Works, 100 Nashua Street, Boston, Mass., as follows:

Sam Lorusso and Sons	\$15,586.90
Hill Construction Company	\$16,889.00
P. G. Lloy	\$17,610.15
S. Triconi	\$17,696.59
Rome Construction Co., Inc.	\$18,042.00
Normandy Construction Co., Inc.	\$18,230.75
Colonna Bros. Inc.	\$18,264.00
Dominic G. DiPietro and Son	\$18,576.00
William P. Capone	\$18,874.25
George Brox	\$18,883.90
Anthony and Son, Inc.	\$18,930.50
Joseph Raimo	\$19,279.60

Hen-Roy Construction Co.	\$19,985.15
J. F. White Contracting Co.	\$21,255.00
Sacco Construction Co.	\$21,599.00
Ralph E. Vickery Construction Co.	\$21,899.65
Lavoie Bros. Construction Co.	\$22,033.90
Forrest Construction Co.	\$23,677.00
Continental Construction Corp.	\$23,875.00

The contract was awarded to the low bidder, Sam Lorusso and Sons of East Walpole, Mass., in the amount of \$15,586.90.

The construction consisted of a mixed in place surface on a gravel base 30 feet wide. A new culvert for drainage was installed and curbing was placed on the hill to prevent washing away of the shoulders. Plans for the extension of this project are ready for execution and funds will be requested at the next Annual Town Meeting for this purpose.

For the maintenance of Chapter 90 Roads, the State and County made grants of \$1,000.00 each and the Town appropriated a like amount with the following work done: Repaired fence on Winter Street, cleaned all drainage outlets and catch basins, cut brush and surface treated the following streets: Washington Street from 1303 Washington Street to South Street and from Washington Street to the Foxboro Line, High Plain Street from Route 1 to the Sharon Line, Elm Street from East Street to the Medfield Line and East Street from Elm Street to Kendall Street.

Parks and Playgrounds—A new metal backstop was installed at the Athletic Field in the rear of the Plimpton School and a baseball diamond constructed there. The hockey field between the High School and the Plimpton School was regraded, loamed and seeded. The yard in front of the Bird School and adjacent to the sidewalk was graded to insure safety for the children. A portion of the yard at the south end of the building was also graded and surface treated with bituminous concrete. The driveway around the Boyden School was graded and resurfaced with bituminous concrete. A shelter for changing skates and a hockey rink were constructed in the rear of the Swimming Pool at Memorial Park but additional work is necessary in order to obtain proper ice. Other than this construction, the department operated on a maintenance basis. Due to the extreme drought our mowing problems were considerably lessened, allowing the department to cut brush on many of the highways throughout the Town, thereby aiding the Highway Department materially. Tree belts adjacent to town property, lawns, small parks and commons were maintained as in previous years. Operation of the Swimming Pool was very satisfactory. A report of the Supervisor will be found elsewhere in this report.

Tree Department—The trees along the highways were thinned, and considerable dead wood removed. In the early part of the year creosoting for Gypsy Moths was executed and trees adjacent to highways sprayed by helicopter using 6 per cent D. D. T. and oil emulsion in order to insure effective adhesion to the foliage. Infested conditions in general were good except one location along Route 1 on the Foxboro, Sharon side which will need additional attention next year and funds will be requested to take care of this in our next years appropriations. New maple trees were planted along Pleasant Street in the area where the new sewer and street construction was completed. These trees were set back on the abutters property approximately 6' in order that their foliage in the future might not be damaged by utility companies wires.

Town Forest—The Park Department performs the work necessary for the care to the Town Forest. Two areas in the Town Forest were thinned and cleaned, one adjacent to Washington Street opposite 1415 and a portion of the walks within the forest. The forest needs further attention and this will be given whenever the man-power is available.

Sewer Department—Lateral sewer construction completed this year is as follows:

- 546 lineal feet 8" pipe on Marguerite Road
- 66.6 lineal feet 8" pipe on East St. by the Walpole
Woodworkers
- 411.6 lineal feet 8" pipe on Diamond Street
- 502.3 lineal feet 10" pipe on Diamond Street

This construction added 1526.5 lineal feet to our present system, making a total length of the entire system 76,100.5 lineal feet (not including house connections). Seventy-five house connections were completed making a total of 509 connections. Petitions for lateral sewers on Neponset and Fuller Avenue for the coming year have been received and will be referred to the Annual Town Meeting. Difficulty was encountered in several locations this year caused by roots getting into the system. A Flexible Cleaning Equipment Machine was purchased to keep these laterals free of roots.

Building Repairs—Other than regular maintenance major repairs made during the year were as follows: Bird School—installed new outside door on boiler room, installed electric water heater, repaired roof adjacent to boiler room and installed new radiator in foul air stack in Auditorium to insure proper ventilation. Boyden School—installed outside light at Auditorium entrance. Fisher School—repaired roof leak over boys' toilet, replaced roof around tower, installed a sump pump in

SEWER CONSTRUCTION GROWTH

boiler pit, replaced a section of the lead pipe of the heating system, painted interior and painted basement floors. High School—installed flood light for parking at south end of the building, replaced corridor floors where broken, replaced 4 classroom doors, provided drainage outlet in boys' shower room, repaired railings at south entrance, installed light at the foot of stairs in the basement, installed 102 new stair treads, repaired roof leaks, repaired wall leaks outside rooms 106 and 206 and painted boys' toilet on lower floor, boys' shower room and boys' locker room. Plimpton School—installed toilet and lavatory facilities in room adjoining Teachers' room and painted same, installed door on toilet in boys' toilet room, installed radiator in Principal's Office, repaired outside doors and replaced the old slate sink in the basement. Stone School—repaired all drinking fountains and valves in radiators. East Walpole Fire Station—painted upper floor. Painted inside and outside of Pumping Station, painted doors and trimmings on Public Works Storage Sheds, painted and papered the interior of 1415 Washington Street, installed new ceiling at 1415 Washington Street, painted Selectmen's Room, painted all street sign posts, installed new roofs on the V. F. W. Building on Robbins Road and one on the house at 1415 Washington Street.

Electrical Department—This department is under the supervision of Chester L. Donnell, who was appointed Town Electrician and Wire Inspector. A Chevrolet $\frac{1}{2}$ ton pickup truck has been provided for this service.

375 inspections were made during the year as follows:

82 applications received.

7 calls from the Fire Department.

79 calls from the Boston Edison Company.

207 calls from home owners to investigate safety of old installations.

Considerable electrical changes were made in the various town buildings this year, especially in the schools in order that they would be as safe as possible from electrical hazards.

Due to repairs to the pump as referred to in the Water Department, considerable time was allocated to this work at the Pumping Station.

Health Department—The duties of this department continued under the administration of Dr. Francis J. Allendorf. Dr. Allendorf operated this department very conscientiously, efficiently and cooperatively. The Town Dump has been maintained as usual. It was necessary this year to remove our Public Dump from its old location on Stone Street Extension to a new location off Robbins Road. This new location lends itself very favorably to its purpose and should last the Town for many years.

to come. The garbage has been collected regularly throughout the town in a satisfactory manner. Dr. Allendorf's report will be found elsewhere in this report.

Purchasing Department—The duties of this department were decreased this year due to being able to secure early deliveries for the requisite quantities of supplies and materials necessary to carry on all maintenance and construction programs. As has been the case in the past several years the most important duty in the department is the preparation of specifications and contracts necessary for the bidding on equipment, work and material. Local merchants as in the past have been given recognition and the department still remains a very important function of the Town.

Water Department—This department has been very busy due to the extreme drought. Our pumping capacity and inadequate distributing system resulted in the necessity of placing restrictions on the use of water confining it to essential domestic and manufacturing uses only from July until October. Two old Nash vacuum pumps were replaced by two new higher vacuum pumps. Both the large Dayton and Dowd and the small DeLaval pumps were overhauled and new impellar blades installed to insure maximum efficiency and all wells in the well field were washed, cleaned and repaired. The results of this cleaning definitely determined the need of replacing two lines of wells on the northerly side of Washington Street installed in 1918. The inadequacy of water supply throughout the town requires that a complete survey be made relative to improvements in the Town's distributing system. A partial survey completed this year covering a specific problem in East Walpole resulted in the Town voting at a Special Town Meeting funds to install a 12" water main from the standpipes on High Plain Street through Old Post Road to Pleasant Street.

The following mains were added to the system:

- 169 lineal feet 6" pipe in Barstow Road
- 1101 lineal feet 6" pipe in Killeen Road
- 580 lineal feet 6" pipe in Marguerite Road
- 595 lineal feet 6" pipe in Smith Avenue
- 790 lineal feet 6" pipe in William Street

Building activities continued at a rapid pace again this year with 94 new services being installed and 5 services renewed. Hydrants were added on Killeen Road, Marguerite Road, William Street and Smith Avenue and 3 hydrants were repaired. The total quantity of water pumped during the year was 479,264,000 gallons, a decrease of 33,661,000 gallons from last

year. At the close of the year the outstanding debt is \$8,000.00 and the surplus revenue amounts to \$64,484.99 an increase of \$1,516.13 over that of last year.

HEALTH OFFICER . . .

During the year 1949, there was a marked decrease in the number of the minor contagious diseases as compared with the previous year. However, there was an increase in the more serious diseases; namely, Poliomyelitis and Tuberculosis, the latter group being quickly reported and hospitalized through the fine cooperation of the State Health Department. It is encouraging to report that the residual complications of Infantile Paralysis were practically nil.

Diseases reported for the year were as follows:

Chicken Pox	16	Dog Bites	10
Measles	10	Poliomyelitis	6
Mumps	5	Tuberculosis	5
Scarlet Fever	3	Specific Diseases	1
Whooping Cough	7		

Reports from the Department of Milk Inspection were satisfactory throughout the year, the bacterial content remaining within normal limits of the State requirements. This was due to the strict observation of our milk inspector, Mr. Willis Hoyt.

Slaughtering was carried on according to the new regulations of the State and inspections were made periodically by both the State and local departments.

During the spring, certain areas were notified to remove health hazards which were present on property. Such was done to a certain degree, but there is still room for improvement which we hope will be rectified in 1950.

Specimens of water from our water supply and swimming pools were taken periodically by the State Department and reported back to our local department. All reports showed no evidence of contamination.

Regular inspections of food establishments, slaughter houses, public dumps, and swimming pools were performed throughout the year and unfavorable reports from the tenants were looked into in regards to sanitation and rectified within our limits.

I wish to thank the people of the town for their fine cooperation in reporting defective conditions and I extend my thanks to Mr. Frederick Libby and his staff for their cooperation in the administrative functions of our Health Department.

FRANCIS J. ALLENDORF, M.D.

DENTAL HYGIENIST . . .

Dental health education and the establishment of good dental health habits were emphasized in the elementary grades, while high school pupils were contacted through their physical culture directors.

The Tufts Dental College experiment that has been carried on for the past two and one-half years in some of our schools proved most valuable and helpful by reducing dental decay, thus cutting down on the number of visits to the dentist.

Number of cleanings — 390

I wish to thank you, Dr. Allendorf, for your support and to thank Dr. Ræburn Davenport for his continued interest in this work, also all who in any way contributed to this program.

ALICE BOURASSA, R. D. H.

MILK INSPECTOR . . .

Forty-one licenses were granted to stores and restaurants and nineteen to producers or dealers for sale of milk and cream.

Routine inspections of dairy animals, premises and samples of dairy products were made throughout the year. Records of microscopic appearance, bacteria count, total solids, sediment, per cent of butter fat, and, occasionally, flavor, for all licensed dairies show the local supply to be very satisfactory.

Five licenses for operation of pasteurization plants were granted. Over ninety per cent of milk marketed in Walpole is pasteurized.

One license to manufacture ice cream was issued.

A total of \$85.00 in license fees was collected and turned over to the Town Treasurer.

WILLIS H. HOYT

ANIMAL INSPECTOR . . .

All cases of disease were investigated and the proper quarantine and sanitary measures taken.

All cattle being admitted to herds from outside the state were inspected and reported to the proper state authority.

No positive cases of Rabies were found among the dog bites investigated.

DR. FRANCIS X. MAGUIRE

SLAUGHTER INSPECTORS . . .

The following inspections were made:

Cattle slaughtered and inspected	26
Hogs slaughtered and inspected	142
Sheep slaughtered and inspected	24
Goats slaughtered and inspected	6
Veal slaughtered and inspected	10

THOMAS KING
DR. FRANCIS X. MAGUIRE

PLUMBING INSPECTOR . . .

204 inspections were made during the year and satisfactory workmanship has been done throughout the town. All complaints relative to plumbing were inspected and taken care of, the details of which are on file in the Engineer's office.

E. F. ONION

**BOARD OF PUBLIC WELFARE
AND BUREAU OF OLD AGE ASSISTANCE . . .**

The year that commenced January 1, 1949, offered a succession of events that affected both the recipients as well as personnel of the department. To brief personnel conditions of change, the following summary is offered:

1. Because of decree, both the Social Worker and the Secretary of the Board at Walpole took Civil Service examinations during the year in order that your Board would qualify for State and Federal financial assistance in the pursuit of aid to recipients.
2. The Chairmanship of this department was affected by the retirement of Mr. Timothy E. Delaney who vacated the office under terms of the Massachusetts Retirement Law as of September 1, 1949. Rarely does a public servant please both employer and recipients in welfare work; Mr. Delaney's continuous efforts to serve the interests of all will be long remembered by those who were privileged to know him.
3. The Town Counsel, Mr. Richard H. Kannally, was appointed Chariman of the Board of Public Welfare, to replace Mr. Delaney. This appointment was most opportune for the reason that under today's welfare and associated requirements, complete familiarity with the law is of increasing importance.

4. The recommendation of the Commonwealth of Massachusetts agents of State Department of Public Welfare was presented to the Board of Selectmen with regard to the personnel problem following a complete Survey. A clerk-stenographer will be appointed, subject to Civil Service regulations.

Many important laws were passed by the State Legislature during the year with regard to the function of authorized aid to recipients; they are enumerated for ready reference as follows:

CHAPTER 486—(effective September 29, 1949), increased the amount of cash surrender value which a recipient of Old Age Assistance may retain in life insurance without executing an assignment, from \$500 to \$1000.

CHAPTER 622—(effective October 28, 1949), provides that applicants and recipients of Old Age Assistance may retain bank deposits not exceeding \$500 in the case of an individual recipient and joint deposits not exceeding \$1000. in the case of a husband and wife.

CHAPTER 796—(effective December 1, 1949), provides for an additional item in the Old Age Assistance budget to be known as "Leisure Time Activities" for all recipients at the rate of \$4.00 per month. It further provides that "cities and towns making payments under this paragraph shall be reimbursed by the Commonwealth to the full amount thereof, notwithstanding any other provision of law."

CHAPTER 766—(effective November 25, 1949), increases the Department's reimbursement rate for hospital care to needy individuals from \$8.00 per diem to \$10.00 per diem. This law, which relates to unsettled General Relief cases, will be extended by policy to the other categories.

In keeping with the trend of the times, the Commonwealth is devoting additional attention to providing for needy children and old age recipients; this expenditure—shared by your town of Walpole—adds to local welfare assistance a substantial expenditure of money that represents in total a sum of approximately \$100,000. This amount, of course, also includes expenses of operating the department in investigation and administration. Thus, the responsibility of every taxpayer becomes increasingly important financially; every increase in expenditures must be paid out of taxes and your department must scrutinize carefully all assistance given for the mutual protection of the recipient and also the taxpayer.

May we, at this time, take the opportunity to thank our Town

Officials, various Town Departments, private and public organizations for their exemplary cooperation with our department at all times during this past year.

CHIEF OF FIRE DEPARTMENT, FIRE ALARM SUPT., OIL INSPECTOR AND FOREST FIRE WARDEN . . .

Although Walpole suffered from a serious drought this year, our fire losses have been relatively small.

Following is a summary of the alarms for 1949:

Building Fires	14	Grass Fires	39
Chimney Fires	9	Brush Fires	25
Truck and Auto	11	Dump Fires	5
Oil Burners	6	Out of Town	2
Drownings	1	Lost Children	1
False Alarms	16	Death by Fire	1
The Assessed Value of Buildings Involved			\$43,836
Insurance Carried On Buildings			\$44,500
Insurance Paid On Buildings			\$12,089

Have issued 196 oil permits, 8 permits for dynamiting, 5 permits for gasoline storage, and 76 for burning brush, etc.

I am asking for substantial sums this year to modernize our department. To keep putting off the purchase of modern equipment is likely to prove disastrous.

Our equipment is badly outmoded for first line fire fighting, endangering and handicapping our department personnel.

FIRE ALARM MAINTENANCE

During the year three old style fire alarm boxes were replaced with modern three fold, non-interfering, succession type boxes. A few of the boxes in the system were painted as time permitted. All boxes were checked periodically for defects and operation. A program for replacement of old style boxes was instituted this year and I hope we may continue to bring our system up to date.

All batteries on the alarm circuits were replaced at the Central Fire Station. The East Walpole steam whistle was returned to the factory to be rebuilt and was reinstalled after the forest fire danger was past in the fall. A new clock was purchased and installed controlling the 6:30 test whistles. This new clock should maintain a fairly accurate time signal as well as providing a test of the alarm circuits twice daily. A new compressor motor was installed on the South Walpole whistle. The old motor was rewound and proved unsatisfactory due to age. The new motor will provide more efficient operation. This change required installation of additional electric service.

One new extension of fire alarm facilities was made on Common Street and a new box No. 392 installed at the junction of Common Street and Old Post Road. This extension will give better fire protection for this area and places a box near the Superhighway for emergencies.

The old iron wire on Stone Street from Diamond Street to Mass. Avenue was replaced and the entire line modernized. This area has been the source of much trouble in the past. All wire and construction was relocated on Washington Street due to street widening in area near Stone Street Extension. All construction and wire on Main Street from Spring Street to Browne's Garage was relocated due to N. E. T. & T. Company abandoning pole line. All lines in the system were visually checked for defects and all interfering limbs trimmed or removed.

We must bear in mind the fact that our town is growing. We must strive to obtain as good fire alarm protection as is possible. There are many locations in the town that now require extension of fire alarm facilities but they cannot all be done in a short period of time.

During the year the following time was expended on the various items:

	Manhours
New Extensions	96
Tree Trimming	208
Relocations	123
Box Replacement	32
Battery Replacement	30
General Maintenance	306
Total	795

I wish to thank the personnel of the Utility Companies for their cooperation throughout the year. I also wish to thank the men working on the fire alarm system for their loyalty, cooperation, and willingness to help maintain service twenty-four hours a day in storm and trouble.

AARON H. HILL

POLICE DEPARTMENT . . .

During the year 1949, several changes were made in the regular department personnel.

Levi S. Thompson, Chief of Police, since April 1st, 1925, reached the compulsory age of retirement, and on March 1st. was placed on the retirement list.

I was appointed to the position as Acting Chief of Police to head the department until such time as a civil service examina-

MICHAEL J. FITZGIBBONS

Born Charlestown, March 19, 1887

Died November 19, 1949

Patrolman 1923 - 1931

Sergeant 1931 - 1949

tion could be held and a list established from which a permanent Chief could be appointed.

The examination was held at Walpole High School, conducted by a representative of the Division of Civil Service, July 7th, and a list established about October 10th, 1949.

The position of Chief of Police was filled on October 24th, 1949.

The position of an Acting Sergeant was created because of the appointment of Chief of Police until such time as an examination to secure a civil service list from which a sergeant could be appointed to fill the position left vacant by the appointment of a sergeant to the position of Chief of Police.

On November 19th, 1949, Sergeant Michael J. Fitzgibbons, a member of the Police Department since April 1st, 1923, passed away after a short illness, leaving another vacancy to be filled as a sergeant of police.

Notice of the sergeant's examination was received December 10th, to be held on January 28th, 1950. This list should be established on or about March 28th, 1950, from which two sergeants will be appointed to fill existing vacancies.

Special Officers have been used during the year to fill jobs created by vacancies.

Police protection, requested by several citizens of South Walpole, was put in operation on November 1st, whereby an officer is assigned to that area four hours each night, this arrangement seems to work out very well for the present.

During the past year several changes and restrictions have been approved and put into effect governing the parking of cars in various sections of the Town, which seems to work out very well from a traffic and safety viewpoint.

During the past year we have been fortunate that no real serious crime took place in Walpole, although many crimes of various types, such as Breaking and Entering, Larceny, etc., which by continuous investigations we have been able to apprehend those responsible for the same, with some cases left where we will be able to prosecute guilty parties after they are released from custody of houses of correction.

Traffic accidents have been kept at a minimum, due to enforcement of traffic laws, by the local officers, registry men and State Police.

Traffic Safety lectures were held in each school during the year, by a member of the Registry of Motor Vehicles, accompanied by a member of the local police department.

This safety program is a great help in keeping the children

of school age alerted to the dangers of highways and pedestrian accidents.

In conclusion, I wish to thank the Board of Selectmen, the Town Engineer, his assistants the Town Accountant and members of the School Board for their splendid co-operation in matters pertaining to the operation of the Police Department.

TIMOTHY A. CULLINANE

SCHOOL DENTIST . . .

The operative dentistry took place two days per week, each school being allotted time in proportion to its enrollment. This service was given to children who did not have a family dentist.

Examinations were held for high school pupils, plus special examinations for athletes with X-rays whenever indicated.

THE BOARD OF COMMISSIONERS OF TRUST FUNDS

J. A. Valentine, Chairman

B. D. Rogers

A. H. Anderson, Secretary

TRUSTEES OF THE PUBLIC LIBRARY . . .

The Trustees of the Library hope the townspeople are pleased with the new shelving in the main building. To match the original in color, grain of wood and general effect was no easy task, but this was excellently done by a local firm which has done similar work for the Boston Public Library. Waste trim was removed and two new 8-inch shelves put in its place on all the cases in the Reading Rooms. There is now adequate space for all the books.

The project ahead of us now is that of improving the lighting. Two electrical engineering firms have measured the present facilities and have proved by their measurements that the complaints of patrons who read at the library are thoroughly justified. The Trustees are unanimous in their belief that this must be corrected and have asked for an appropriation in their 1950 budget to take care of it.

The grounds at the East Walpole Library are in a sad state. The Trustees have asked for definite action on this and trust that the improvements will be made in the coming year.

It was with great regret that everybody connected with the library learned of the retirement of Miss Katherine Lewis. She has been on the Staff for twenty-nine years and her gracious personality and eagerness to serve have endeared her to all. On October 31st the public was invited to the library to express its appreciation and affection for her. The large number of people who came showed the esteem in which she is held.

On the 1st of February, Miss Doris Quinn became the Children's Librarian. Her training and experience in the Omaha Public Library fitted her for this, and her previous work in the East Walpole Branch, has proved her an asset to the Staff.

1949 has been a big year for the Library as the Librarian's report shows. The Trustees appreciate the work of Miss Crissey, Miss Quinn, Mrs. Wilson and all other members of the Staff in making this an outstanding year.

DOROTHY W. SPEAR
Secretary Board of Trustees

LIBRARIAN . . .

Fifty years ago Mr. William Moore, as chairman of the Board of Trustees, wrote of the library, "There has been an increase in the circulation of 2,603 volumes, or 16 per cent over the past year, which shows that the library is being more and more appreciated. A large part of this increase is undoubtedly due to the fact that the library is now open every day in the week, except Sunday, for the distribution of books, and continues to be kept open Sundays for those who desire to use the reading room. We firmly believe that the appropriation should keep pace with the growth of the town; there should be no falling off from its present standard. Therefore, we feel justified in asking for an appropriation of \$1,600, as we have had to take on additional insurance and shall be obliged to put in additional bookcases during the present year."

In 1949, the circulation records again show an increase of 16 per cent over the past year. We are also, as in 1900, in need of a larger appropriation and more bookcases. But there the similarity ends. Instead of a book circulation of 18,443, that of 1949 was 94,922. The number of books in the library has increased from 8,583 to 26,890 and the number of persons using the library from 875 to 2,964. These figures, significant as they are, do not tell the whole story. Many people who seldom borrow books to take home come in regularly to use reference books, newspapers and current magazines. Reference questions, too, are increasing in quantity. We are pleased to note that much of this greater use of our reference facilities is due to the larger number of High School students who have come in this past year.

In the summer the crowded condition of the shelves was relieved considerably by an extension to the bookcases in both the Reading and Reference Rooms. However, it will not be many years before we will need further expansion in the Reading Room, and the shelves in the Children's Room and the East Walpole Branch are also greatly overcrowded.

This year an inventory was taken of the books in the Children's Room and of the adult books of fiction at the Main Library. Next summer we hope to complete the inventory at the Main Library with the books of adult non-fiction, and in the summer of 1951 to take inventory of the books at the East Walpole Branch. This was done last in 1944-45.

Work with the boys and girls has increased greatly. Story hours are patronized faithfully, and the 1949 summer reading club broke all records. 258 children joined the club, and over one

half received diplomas at the end of the summer for reading 20 or more books. For our Book Week celebration in November, a favorite book character contest was organized (Jo March and Tom Sawyer won), and many attractive new children's books were on display. Fifteen classes visited the library during the year — several of them to receive instruction in the use of the card catalog. All these activities serve to bring the library and the children closer together. Another lesser known but important function of the Children's Room is the sending of book collections annually to each classroom desiring one. Last year 62 collections were sent to Bird, Plimpton and Stone Schools and to one or two classrooms in the High School, which resulted in a circulation of almost 13,000 books! In this way many children who are unable to come to the library can enjoy some of its privileges.

There have been two major changes in the library staff during the year. In February Miss Doris M. Quinn of South Walpole accepted the position of Children's Librarian. Miss Quinn had previously been on the staff as general assistant and, from 1942-44, as East Walpole Librarian. At the end of October Miss Katherine Lewis retired after twenty-nine years of library service. On her last day at the library she received over one hundred of her friends at a tea given in her honor by the Board of Trustees. Miss Lewis' friendly personality and genuine interest in everything concerning the library have been greatly missed by library staff and patrons alike.

Each year the library is presented with many gifts of books, magazines and flowers, and each year many interesting exhibits are lent to us. This year we wish to thank the following people for their gifts: Mrs. Earle Bradley, Mr. Joseph Donnelly, Mrs. Lottie Leach, Mrs. Charles June, Miss Grace Wentworth, Mrs. Wyman Shaw, Mrs. George Duley, Mr. Richard Davis, Miss Hannah Hatfield, Mrs. Thomas Gove, Mrs. Chester Andrews, Miss Agnes B. Chapman, Mrs. Anna Barker, Mr. LeRoy Eames, Mr. Ralph Davis, The Walpole Grange, Bird & Son, The Garden Clubs of Walpole and East Walpole, The Walpole Rotary Club, The Evening Chronicle (North Attleboro), and the Walpole Times. We also wish to thank Mrs. Catherine Robinson, Mrs. W. J. Brennan, Mrs. Donald Megathlin and the many boys and girls who kept the display case filled with interesting hobbies during the year.

My report would be incomplete without an expression of appreciation to the Board of Trustees for their understanding and advice, and to the Staff for their loyal cooperation.

EUNICE M. CRISSEY

Walpole

Voted: To approve all lots submitted namely those lots containing 15,000 square feet or more.

Voted: To reject that portion of plan containing less than 15,000 square feet.

December—

Walpole Housing Authority

Voted: To approve complete plans of "Robinwood" Development as presented.

LEO F. TETREAULT, Chairman

WALPOLE HOUSING AUTHORITY . . .

The Walpole Housing Authority organized for the year 1949 as follows:

Albert W. Smith, Chairman
Willis H. Hoyt, Vice-Chairman
Denis F. O'Brien, Treasurer
Robert Booth, Assistant Treasurer
James B. Maguire, Secretary
Leo F. Tetreault, Executive Director
Judge Herbert D. Robinson, Attorney

The Board held eleven regular meetings and 16 special meetings.

Plans for "Robinwood" Development were submitted to the State Housing Board June 9, 1949. After numerous conferences with the State Housing Board the final plans and specifications were approved August 2, 1949 for the erection of low-rent single dwelling units. The Plans provide for 45 one story wooden frame dwellings with full basements. The units will be equipped with electric stoves, electric refrigerators, oil hot water heaters and individual heating units. Twenty-two of the houses will have two bedrooms and twenty-three will have three bedrooms. There will be drying yards, play areas and parking space provided for the convenience of the tenants.

The Walpole Housing Authority advertised for general construction bids August 5, 1949, and on August 26, 1949 bids were opened. After reviewing all bids it was voted to recommend to the State Housing Board the acceptance of the general bid of A. F. Smiley Construction Company in the amount of \$473,020.00. After receiving the approval of the State Housing Board, a special meeting was held on September 19, 1949 at which time the Walpole Housing Authority voted to accept the bid of A. F. Smiley Construction Company, 115 Trenton Street, Pawtucket, Rhode Island, in the amount of \$473,020.00, and signed the contract September 20, 1949. Construction began September 26, 1949.

Ground-breaking exercises were held October 19, 1949 at 10:30 A. M. The following dignitaries were present: Hon. James Leo O'Connor, representing Governor Dever; Frederick W. Roche, Chairman of the State Housing Board; Senator Leslie B. Cutler; Representative Frank D. McCarthy; Willis D. McLean, Chairman of the Walpole Board of Selectmen and other town officials, clergy and heads of industrial firms.

At a special meeting held October 25, 1949, the Walpole Housing Authority signed the Amendment to the Contract for Financial Assistance between the Commonwealth and the Walpole Housing Authority and voted to authorize its execution by Chairman Albert W. Smith relative to the development of administration of State-Aided Housing Project, Walpole 200-1. This amendment changed the contract for financial assistance from \$460,000.00 to \$500,000.00.

As of December 31, 1949, the following percentages of work was completed:

Bonds and fire insurance	100%
Stripping top soil	100%
Road gravel	10%
Excavation (houses)	100%
Backfilling	90%
Concrete foundation and waterproofing	100%
Basement floors	100%
Masonry chimneys	90%
Boarding and erection	100%
Wood stud and erection	100%
Wood frame and erection	100%
Windows	75%
Mill work and door frames	70%
Finished carpentry—labor	70%
Clearing site	100%
Scaffolding	100%
Miscellaneous steel	95%
Asphalt shingles and metal work	47%
Plumbing	58%
Heating	42%
Painting	20%
Electric	29%
Rough hardware	100%
Water system	90%
Miscellaneous items and job overhead	50%
Work through Dec. 31, 1949 completed	57%

Respectfully submitted,

ALBERT W. SMITH, Chairman

WALPOLE VISITING NURSE ASSOCIATION . .

The Visiting Nurses very happily rendered their many services caring for the sick in as many ways as possible; giving constructive advice; and making certain that some of the preventive and corrective work was carried out.

In addition to the above services, we have aided numerous individuals and families in many ways. This was available through the kindness and generosity of the various organizations and groups. It brings joy and comfort to the patients and it helps us in caring for them. We thank you all for the splendid cooperation.

We wish to thank the Red Cross Motor Corp for its splendid service. It's a pleasure to call on them, as they are always ready and willing to help us.

May we sincerely thank the doctors and all those who have assisted us in any way to make this service so worthwhile and so pleasant a task.

ELIZABETH M. PERRY, Treasurer

DEPARTMENT OF VETERAN'S SERVICES . . .

One of the important functions of this office is to keep a record of all veterans' discharges and records of separation. Many local veterans have taken care to see that their records are on file. However, there are a great many who have not done so. You are urged to take care of this as soon as possible. Photo-static copies of these records are available free of charge. Don't wait until you or your dependents need these records to hunt for them. Have them available, at least in the records kept for your benefit here in the Town Records. Some of the items which require your service record for processing claims are: Death Benefits, Pensions, Compensation, Insurance Dividends, Cashing of Certain Bonds, Burial Allowance, Headstones, Children's Education Benefits, Hospitalization, Medical Care, Veterans Benefits, both local, state and federal. If you have lost your discharge, see your Director of Veterans Services and start proceedings at once to get a certificate in lieu of a discharge. You never know when you or your family will need it.

I have made a survey throughout the neighboring towns as to the number of veterans or their dependents now receiving Veterans Benefits from the town and State. Nearly any town you can name has more cases on their rolls than Walpole. All Walpole Veterans and their Dependents are to be commended on their ability to care for themselves. I wish to take this opportunity to thank the employers of these veterans and their dependents for finding work for them and keeping them on the payroll through some very trying times.

ARTHUR L. LALIBERTY

Director of Veterans Services
Veterans Agent

BIRTHS

Recorded in the Town of Walpole from Jan. 1, 1948 to Dec. 31, 1949. Errors, omissions, and corrections noted should be reported to the Town Clerk at once.

Other Tables and Statistics—Tables and Charts giving information regarding teachers, enrollment and costs will be found on pages following the Reports by various school officials and supervisors.

Report of School Committee and Superintendent

Enrollment, and its Implications—Table I which follows shows probable size of entering First Grade Classes up to 1955. In 1949, we have nine First Grades, a total of 227 pupils taught by nine teachers. It would appear that in 1953 1954 and 1955 we will have eleven First Grades and will need eleven First Grade teachers, an increase of two teachers, and two classrooms. This may not be too alarming since we hope the new Stone School can absorb some of the increase.

Last year, I reported the possibility that, at the Bird School, the rapid increase in elementary school enrollment might soon force us to remove the Junior High classes (4 roomfuls of 7th and 8th Grade pupils) to other locations. That has now become a distinct possibility for the near future. Table II shows available rooms in the building, and the rate at which the increasing load in the Primary Grades may rise by years and require rooms now used by Grades 7 and 8.

TABLE I
Enrollments, actual and projected

	1932	'33	'34	'35	'36	'37	'38	'39	'40	'41	'42	'43	'44	'45	'46	'47	'48	'49	'50	'51	'52	'53
Births Recorded in Walpole	132	132	134	127	117	106	132	109	125	150	164	156	152	179	196	209	200	Est.				
Pupils entering Grade I 6 years later							179	181	159	165	143	174	155	158	184	186	225	227	203	198	233	255
																				Estimated		

Each year, the number of pupils entering Grade I averages at least 30% more than the number of Births recorded in Walpole six years earlier. The figures 225 and 227 for the years 1948 established new highs. Using the 30% figure, and projecting into the future, on the basis of Births in 1948 and 1949, it would appear that our Grade I enrollment in 1954 and 1955 will rise to approximately 270.

Change in Entrance-age—The Regulation now reads: "Children shall be admitted to the first grade at the beginning of the Fall term if they are five years of age on or before the preceding January 1. Children who reach their fifth birthday between January 1 and March 1 may be admitted the following September if they pass tests authorized by the School Committee." This change raises the required entering age from 5 years 5 months to 5 years 8 months. It is a step in the direction of the state-wide trend to set 6 years as the entering age.

School Committee Activities—The Walpole School Committee is a member of the Massachusetts Association of School Committee Members. In 1949, members of the Committee have attended regional meetings in Arlington and Hingham, and the annual State Convention in Fall River.

New Stone School—The School Committee notes with satisfaction and approval the start of actual construction work on the new Stone School. The Committee has cooperated at all times with the Stone School Building Committee, and supplied the educational planning which we believe will make the school functionally sound. It is expected that the building will be completed and ready for occupancy in September of 1950.

New Equipment:

Bird School—

1. New cooking range in Cafeteria.
2. New pupil-chairs and tables in three First Grade rooms.

High School—

1. New cooking range in Cafeteria.
2. New kitchen-unit in Household Arts Department. Note: Three additional kitchen-units are planned for 1950.

Textbook Adoptions—During 1949, these new texts were adopted:**High School—**

1. English for Business—Parkhurst.
2. Mathematics for the Consumer—Schorling.

Building Repairs Completed in 1949:**Bird School—**

1. Outside grills repaired.
2. Grounds graded up to sidewalk.
3. Roof repaired.
4. Hot water heater installed.

Boyd School—

1. Light at Auditorium-entrance installed.
2. Road around school constructed.

Fisher School—

1. Roof repaired.
2. Steam pipes replaced.

High School—

1. Parking lights installed at South end of building.
2. Corridor floors repaired.
3. Doors replaced in Rooms 109, 110, 112, 202, 211.
4. Roof repaired.
5. Stair-treads replaced in certain stairwells.

Plimpton School—

1. Radiator in Principal's Office replaced.
2. One outside door replaced.

Athletic Field—

1. A baseball diamond was constructed in the Athletic Field at the rear of the Plimpton School.

Building Repairs Recommended for 1950:**List A — Item previously requested:****Bird School—**

1. Removal of two trees at Washington Street entrance.

List B — Items to be treated as "Musts" in 1950:**Bird School—**

1. Ventilate windowless cloakrooms.
2. Repair roof over Auditorium.
3. Extend hot water system.
4. Replace vacuum valves where needed.
5. Replace four exit-doors, together with hardware.

Fisher School—

1. Repair playground.
2. Repair flushometers on all urinals.
3. Whiten corridor ceiling.
4. New electric service.

High School—

1. Improve lighting, Rooms 112 and 209.
2. Paint exterior of building.
3. Point-up steps to Auditorium.

4. Repair wall, at front, at sunken windows
5. Continue replacement of stair-treads:
 South end, two flights
 North end, where needed
6. Roof repairs, old building

Plimpton School—

1. Replace boiler.
2. Improve heating and ventilating system.

Athletic Field—

1. Extend cyclone fence.

List C — Items considered desirable but not emphasized at this time:**Bird School—**

1. New floors, Rooms 8 and 15.

Fisher School—

1. Re-make lawn.

High School—

1. Fluorescent lights in two Shops.

Plimpton School—

1. Re-make lawn.

Additional Teachers Required—While it is impossible to predict with a high degree of accuracy the number of new pupils who will enter school in the Fall of 1950, the trend would seem to indicate the need for at least three additional teachers in the Elementary Grades, one at the Bird School and two at the Stone School.

Cooperation with Dental Program—The School Department has been very glad to cooperate with the Public Health Department in all phases of the Dental Program. The regular program has continued as in past years. In addition, we are now approaching the completion of a three-year experimental program conducted by Tufts Dental College. Final conclusions will not be published until the Spring of 1950, but results thus far tabulated indicate that the experiment has been highly successful. There is a possibility that the experimental procedures may be incorporated into our regular dental program in 1950.

Driver Education—The Registry of Motor Vehicles is asking School Departments to introduce into their High Schools Courses in Driver Education. These Courses would include, not only preparation for taking the oral examination, but also actual "behind-the wheel" instruction and training. So far, such Courses have been started in approximately 25 per cent of our High Schools. In Walpole, we have offered instruction preparing High School pupils for the oral examination. We are now considering the addition of "behind-the-wheel" training.

Curriculum Study—The Curriculum does not remain static. Research and social changes make changes imperative. Teacher-Committees under the direction of Superintendent and Principals are at work constantly studying trends in curriculum changes. During 1949, the teacher-Committee which had been studying Primary Reading recommended the adoption of a new Reading Program. As a result, a new Reading text has been adopted and is in use in Grade I. Other Teacher-Committees currently at work are studying our needs in English, Social Studies, Spelling and Penmanship. The School Committee has kept itself informed by holding an informal meeting with the chairmen of these Teacher Committees.

Receipts on Account of Schools—Each year, the Town receives an income from the operation of its schools. This income is increasing each year. In 1947, the amount received by the Town was approximately \$32,000. In 1948, it was \$38,396.50. In 1949, the income was \$42,366.32 as appears below. This is a substantial reduction of the School Department annual Budget. The money is not available to the School Department, but goes into the General Income account of the Town. If it were permissible to allocate this income in the form of a credit against the annual Appropriation for schools, it would more truly reflect the actual cost to the citizens for that part of the Town Budget for which the School Department is responsible.

The following Table shows receipts by the Town in 1949 on account of schools:

TABLE III

Tuition:

State Wards	\$ 1,550.12	
Boston Wards	1,090.23	
Individuals	177.75	
Town of Norfolk	8,819.78

Unexpended Balance	<u>\$1,620.95</u>
--------------------	-------------------

Possible growth in school population, with predictions regarding

- Increased School Enrollments
- Need for Additional Classrooms
- Need for Additional Teachers

A. Current Predictions on a Nation-wide Base

- Elementary School peak will be reached 1952 or 1953
Junior High School peak will be reached 1956 or 1957
Senior High School peak will be reached 1960 or 1961
- Birth Rate will fall off gradually until about 1960 when it will approximate the 1940 Birth Rate.

B. Forecast of possible Walpole School growth is of interest —

- To School Committee, Supt. and Principals
- To Building Committee
- To Town Finance Bodies
- To Taxpayers

C. Forecast based on Births and Past Enrollments

- Births. For this purpose, we have recorded the Births credited to Walpole from 1932 through 1949.
- Enrollment. Enrollments by Grades start with the school-year 1938-1939 which is six years after the 1932 Births. Enrollments from 1938 to 1949 inc., are actual figures taken from Town Reports.

D. The Tables, I to III

1. Table I presents immediately a situation which has to be recognized in forecasting. It is noted at once that more pupils entered Grade I each year than were born in Walpole six years earlier. Table II shows the percents by which actual Grade I enrollment exceeded Births of six years previously. In one year (1946-1947) the number entering Grade I exceeded recorded Births by as much as 47.2%.
2. Using the Average Percents established in Table II, Enrollments by Grades have been projected to cover the future school years, 1950-1951 to 1955-56, (see lower half of Table I).
3. High School enrollment in 1945-46 fell 20% short of "expectable" membership, perhaps due to absence of boys in military service. The discrepancy decreased each year to the present school year 1949-50, when actual membership falls short of expected enrollment by only 4.4%. At the shown rate of decrease, the disparity may well disappear almost completely in 1950. In other words, all 8th Grade pupils will go on to Senior High School. That belief is reflected in the High School Enrollments projected into years 1950 to 1957 at lower right on Table I.
4. Table III is a chart of possible implications or conclusions to be drawn from the materials in Table I. The figures, if valid, show the following:
 - a. Grades 1-6 inc.
Peak of enrollment will be reached in 1954 or 1955
Rooms to house the 1955 enrollment will be increased by at least nine over the 1949-50 figure.
 - b. Grades 7-8
Increase will not be felt until 1953
Peak year is not in sight
Rooms to house the Junior High age group will increase from the present nine to at least 14 by 1955
 - c. High School; Grades 9-12
Increase will not be felt until 1955
Increase thereafter will be rapid
Peak year not in sight
Rooms to house the expected enrollment will have to be found

E. Availability of additional classrooms

1. The High School will need five additional rooms, and can have them if we remove Grades 7-8 from the High School Building.

2. The Elementary Schools will need additional rooms by 1951. Some of these needed rooms will be available in the new Stone School.

There is now one spare room at the Plimpton School. If the School Committee were to move its headquarters, temporarily, at least, to a room in the new Stone School Building, two additional classrooms would be made available at the Plimpton School. These rooms may be badly needed to absorb school population in that section of the Town.

Four additional rooms can be made available at the Bird School if we remove four Grades 7-8 from that building.

3. Removal of Junior High School classes from the Bird and High School building would immediately pose the problem of housing them.

Stone School Building Committee and School Committee have indicated that the old Stone School of nine classrooms may be called into temporary service for that purpose.

F. Possible weaknesses in the statistics presented here

1. Births in 1932 to 1940 were down, due to Depression. Births in 1940 to 1949 were up, due to War Marriages.
2. High School enrollment was down, 1944 to 1947, due to Selective Service. High School enrollment does not give a true Walpole picture due to presence of Norfolk pupils.
3. Percents in Table II migrate up and down unaccountably.
4. Percents used for projecting enrollments are "Averages," hence are not accurate.
5. Recent wave of home-construction for the middle and low income groups may provide an influx of pupils not accounted for by the figures now available.

G. Conclusions

1. In spite of factors which may tend to destroy the validity of the Tables, the overall picture parallels very closely the well-known National predictions.
2. The picture presented by the figures demands a detailed consideration.
3. Building construction, possibly a Junior High School Building, may need to be studied.
4. The coming increased crowding at the High School might be appreciably reduced, were we to ask Norfolk to withdraw its pupils. In 1948-49, there were 65 Norfolk pupils in our High School.

TABLE II.
Percent Enrollment in Each Grade
is above Births for that
Grade Level

School Year	1	2	3	4	5	6	7-8
1938-39	35.6%

PRINCIPAL OF HIGH SCHOOL . . .

The enrollment at the High School shows an increase this year and on Decemer 22 it was 500. This number was distributed among the classes in the following manner:

Freshman	151	Senior	101
Sophomore	126	Post-Graduate	1
Junior	121	Total	500

For the past five years the enrollment has been:

1944-45	1945-46	1946-47	1947-48	1948-49
454	434	460	473	485

The total number in each subject and the average number in a division is given in the table.

Subject	Number Enrolled	Average in a Division
English IV	102	25
English III	124	26
English II	128	22
English I	153	29
Spanish	111	22
French	76	15
Latin	110	22

Driver's Education	25	25

Glee Club	168	24
Orchestra	23	23
Band	12	12
Music Appreciation	44	11

Our school continues in Class A and the good work of the graduates who have gone to college or into the business world demonstrates that the school is giving a training which meets the needs of pupils in preparing them for good citizenship and vocational activities after graduation.

About 20% of the graduates of the class of 1949 entered a higher institution of learning. Many others have work in which the preparation given by the household arts, manual arts, and commercial curricula has been valuable.

The guidance department has continued its work of trying to help every boy and girl to obtain the greatest benefit possible from school courses and activities. A career day sponsored by this department and held in March was helpful to all pupils of the school.

The athletic program has been carried on by varsity teams in football, field hockey, basketball, ice hockey, track baseball and golf. In addition a softball team was organized this year for the girls. All junior and senior pupils have regular classes every day in physical training.

Last spring the household arts department and the physical training classes presented an interesting program for the Parent Teachers Association. At the same time the manual arts department held an open house and the art department had an exhibition.

The Walpole Mother's Club has supplied some excellent speakers for our assembly programs during the year.

Pupils interested in music have opportunities in the glee club, orchestra and band. A course in music appreciation may be elected by any student. The glee club presented a very enjoyable concert of classic and semi-classic numbers and the concert was repeated in the Hatch Memorial Shell in Boston.

The work of the pupils and teachers has been on a very high level of achievement during the year.

HAROLD A. STROUT,
Principal of High School

SUPERVISOR OF ART . . .

The revision of our course of study has been the major project during 1949. The new "Art Guide" for grades one through twelve has been prepared as the result of much study. Meetings

of the teachers familiarized all with the best literature concerning contemporary art education. The sections which have been prepared by the teachers increase its value.

"Art in General Education" was the theme of the convention of the Eastern Arts Association which occurred a short time before the completion of our revised course. The need for creative education in a democracy and the place of art in the cultural development of man were emphasized. The lectures supplemented the literature studied and strengthened our convictions concerning approved art educational procedure.

All classes have been somewhat stimulated by the improved course. The emphasis throughout is upon the development of the creative ability of each individual. Only honest, original work is acceptable as art at any level. The social and cultural growth of each pupil, not merely the art product, must be considered.

The members of the high school classes have, in accordance with the revised course, taken the Meier "Art Judgment Test" which is one means of indicating the possession of characteristics essential to success in the field of professional art.

Many pupils in grades nine through twelve have taken advantage of the opportunity to read books by various authors concerning nearly every phase of art. The circulation of books has been unusually good.

Colored photographs of well-known stained glass windows, including "Our Lady of the Beautiful Window" in Chartres Cathedral, were studied before the Christmas windows were designed. "The active quality of stained glass rather than its pictorial story makes it unique. "Color spotting and decorative effect, therefore, predominate in the painting done this year. The designs submitted by every member of the high school art classes have been combined.

It is again a pleasure to thank everyone who has participated in the activities of the school year.

HELENA M. SAUNDERS,

Supervisor of Art

PHYSICAL EDUCATION . . .

The physical education in the elementary grades and the junior high school has been carried as formerly with few changes. The junior high school classes for girls meet semi-weekly and grades one through six meet weekly with me, with each classroom teacher being responsible for additional class periods. In the first grade there is time allotted for four more twenty minute periods; the second, third and fourth grades have two

twenty minute periods and the fifth and sixth have one thirty minute period.

This year a new syllabus was provided each teacher through the generous cooperation of Miss Margaret Kannally of the high school whose girls did the typing of the master copies.

The apparatus installed last year has been in constant use by all grades during the recess periods, before and after school. Since last spring several class periods have been devoted entirely to the proper and safe use of the equipment as well as showing and performing activities that are suitable for each grade level. Methods of organizing for these activities have been suggested to each teacher. A list of safety measures which could be posted in each classroom have been distributed to the building principals and a list of apparatus activities was included in each syllabus.

Demonstration programs were presented in two schools. The Stone School sixth grade students showed some classroom physical education activities in June to the Parent-Teachers' Association. The first grade pupils of the Fisher School had an afternoon program in the winter for their parents showing rhythmic activities, ball skills, stunt and tumbling.

An interesting experiment is being tried in one of the grade schools in which sixth grade boy and girl volunteers are organized by their teacher to take children of the lower three grades for small group activities during the morning recess. The activities used mainly are those previously learned in their physical education periods. The children seem to enjoy this greatly and it provides them with wholesome directed activity.

The children's enthusiasm for the physical education program is most gratifying and the progress made is noticeable at all levels and particularly as they come into junior high school.

DOROTHY L. SHEPARD,
Supervisor of Physical Education

MUSIC SUPERVISOR . . .

During the past year the music program in the schools has been carried on in much the same manner as in the preceding year.

Vocal music practice is given in all the grades with regular visits by the supervisors. Several choral groups meet in both Junior and Senior High Schools and receive training in singing the best choral literature. Students also participate in both orchestral and band playing with opportunities for instrumental lessons.

During the school year several choral and instrumental concerts were given in the High School Auditorium. In June

the High School Glee Club gave a concert at the Hatch Memorial Shell on the Esplanade in Boston which was attended by a large audience of music lovers.

At this time I would like to make at least two recommendations for the coming year. First, that vocal music in the Junior High Schools be conducted on a elective - selective basis, the same as vocal music in the High School. Much of the effectiveness of our Junior High School music is lost because of the present compulsory method at this particular level. I would also like to recommend some type of a rental plan for musical instruments so that more students may find it possible to participate in instrumental playing.

As in the past I am grateful for all the assistance I have received from the personnel of the School Department.

FREDERIC W. KEMPF,
Supervisor of Music

SUPERVISOR OF HOUSEHOLD ARTS . . .

The desire to create useful articles of clothing with the aid of the sewing machines has given the sixth grade girls an incentive to learn quickly the easiest method of handling the electric machines. In grades seven and eight the commercial pattern is studied carefully. With the use of machine attachments and newer techniques of sewing many garments are now finished and are proudly worn by their makers. All of the eighth grade home economic classes are now on pre-war schedule of four periods of class instruction weekly. This has proved popular with the girls and shows gratifying results.

The Junior High School Foods Classes

The Junior High School foods classes incorporate the preparing and serving of many of our basic foods and are studied with the correlation of food and health. We live to eat, therefore, we must eat wisely to live a happy and complete life.

High School Courses

The High School courses have been made available to more students this year by holding two single periods of Homemaking, thereby allowing many girls who are following other courses in the High School to participate in this one. These girls have had a complete course in Good Grooming including building poise and personality, they have had one term of knitting, and completed some excellent socks, mittens, sweaters and scarfs. They will have a concentrated accelerated course in Home

Nursing with the school nurse and will have a course in sewing—making skirts, blouses and jackets for themselves.

The regular Household Arts I & II courses were combined this year, to allow the extra time for the homemaking classes. These girls have experienced a wide and varied type of food problems and have learned to become efficient, practical cooks. The fall term opened with a short course on food preservation which included the canning of fruits and vegetables and the making of jams and jellies and preserves. This was followed by advanced work on dinners, the preparation and serving of various courses, menu making for balanced meals, and lessons on candy making, pastry and cakes. The second half of the year they will take Clothing. The first year girls will make wool skirts, silk and rayon blouses, and cotton dresses. The sophomore girls will make better dresses and short coats. They will also have a complete course in Textiles and will make a notebook of sewing techniques.

Dietetics and Health have been taught this year to the regular Household Arts IV girls. They have had a practical course in Physiology, First Aid and Dietetics, including six weeks of Invalid Cookery. This course should prove to be most helpful to those girls who expect to go into nursing training.

It has been our aim to teach all girls enrolled in the Home Economics courses the practical and pleasant side of home-making so that they may have the desire to make garments for themselves and to help their mothers in their homes with the food and housekeeping problems.

RUTH GOULD SHUFELT,
Senior High School Teacher
LOUISE SCHUELER,
Junior High School Teacher

SUPERVISOR OF MANUAL ARTS . . .

In June, it was decided to re-activate the Civic Arts Course, which has lain dormant, due to the resignation of a shop instructor in 1940. The re-activation of this course made it necessary to employ a third man to teach shopwork in grades six through eight. After interviewing several applicants, Mr. Thomas Cairney, a graduate of Fitchburg State Teacher's College, was employed. Mr. Dziejma was appointed to the High School Staff to instruct Civic Arts students in the following subjects: Woodworking, Mechanical Drawing, General Science, and Shop Mathematics. Both of these men are making excellent progress with their respective classes.

The year so far, has followed the pattern of previous ones.

Post-war shortages are still being felt in tools and supplies, and these items are still quite expensive. Due to initial cost we still find it practical and less expensive to use lumbars which are native to New England. Each class has a capacity enrollment, and many useful projects are being made by the boys. In May, an exhibition was held by the shop and Mechanical Drawing classes, for the High School P.T.A. with many and varied types of projects shown. Beside the regular line of projects, many minor repairs were made to the school furniture and building. At the request and material expense of the Plimpton School P.T.A. we are at present building a portable stage to be set up in that building.

Our Shop Courses cover instruction in the following areas: general basic tool processes; advanced tool processes; machine operation, care and maintenance; safety; planning; design; wood-finishing; identification of materials; and correlation of Mechanical Drawing; Mathematics; Geography; Botany; and Industrial History; and Civics.

The Mechanical Drawing Courses cover instruction in Constructive Geometry; Orthographic Projection; Development of Surfaces; Isometric Drawing; Screw Threads; Fastening Devices; Devices for Transmission of Power; Small Machine Design; Architectural Drawing and Construction; Freehand Sketching; and Aircraft Drawing and Design.

GEORGE H. CONATY,

Supervisor of Manual Arts

PHYSICIAN FOR THE HIGH AND PLIMPTON SCHOOLS . . .

Complete physical examinations were made on all students of both schools. The defects were noted by me, recorded by Miss Downing, and parents notified. Follow-up examinations were done on the defects and treatment instituted where it was indicated.

Candidates for the athletic teams were individually examined before the beginning of each sport season. It was found that the students in general were of excellent health and that the buildings were in excellent sanitary condition.

I wish to thank Miss Downing, our capable school nurse; Mr. Strout, principal of the High School; Mr. Downs, principal of the Plimpton School; and the entire teaching staff for their cooperation in aiding me to complete this important work.

FRANCIS J. ALLENDORF, M.D.,

School Physician

PHYSICIAN FOR THE BIRD AND FISHER SCHOOLS . . .

I have examined the children attending the Bird and Fisher Schools. In general I found the children to be in good health. The parents of the few found to have correctable physical defects were notified of these conditions.

I wish to express my thanks to Miss Downing, our School Nurse; Mrs. Adams, principal of the Fisher School; Pr. Powers, principal of the Bird School; and the teachers of both schools for their cooperation.

ROBERT W. BOURKE, M.D.,
School Physician

PHYSICIAN FOR THE BOYDEN AND STONE SCHOOLS . . .

During the early part of the school year, as the result of physical examinations of the children of the Boyden and Stone Schools, I am happy to report that the general health of the students was very good. Surprisingly few signs of Rheumatic Heart Disease were found and the parents were notified concerning any organic illnesses found. Miss Downing and the teaching staff were very pleasant and helpful. It was a pleasure to work with them.

HARRY H. BRENNER, M.D.,
School Physician

THE SCHOOL NURSE . . .

The routine program of school nursing for the continuous appraisal of the health of the school child, has been carried out, including the examination of eyes and ears, and the physical examinations by the school physicians. The list of children's names, who would be helped by the removal of tonsils and adenoids, appears to be longer this year. The reason these children have not been cared for, may be due to the economic condition of families who find it hard to meet the doctor's fees as well as the hospital fees. Or, it may be due to the fact that doctors do not remove tonsils during the months of July, August, September and October; the months when poliomyelitis is more apt to occur.

Several children in Walpole contracted poliomyelitis this year, but there have been no serious after effects.

We are grateful to the clinics, both county and state, who have helped our children this year, and the Red Cross Motor Corps who have transported the children to and from the clinics. We are grateful to the Lions Club who have so generously paid for eye examinations and also eye-glasses for the school children.

Under the guidance of the Massachusetts Department of Public Health and the Massachusetts Department of Education, plans are being made for a more complete public health service. I have spent considerable time during the last two months with school nurses from the surrounding districts, who have made contributions from their knowledge and experiences. This program will be one in which the family, school and community will work together. When plans are completed, we will be able to determine our place in the program.

ALICE L. DOWNING, R.N.,

School Nurse

CHARLES FALES FUND SCHOLARSHIP COMMITTEE . . .

The Charles Fales Fund Scholarship Committee presents herein its fifteenth annual report.

The following officers were elected at the December meeting: Mr. Gilbert W. Anderson, Chairman; Mrs. Katharine Chick, Secretary.

The awarding of the Scholarships is based on the following excerpts from the will of Lewis F. Fales:

"In memory of my father, one hundred thousand dollars, to be known as the "Charles Fales Fund," to the Town of Walpole, Massachusetts, provided, unless a Board of Commissioners of Trust Funds is then existing in said Town, said Town shall have created a board of Commissioners of Trust Funds in accordance with the laws of the Commonwealth of Massachusetts within two years from the time said Town is notified by my said Trustees so to do. The income from said funds to be used for scholarships to be paid as hereinafter provided to students, male or female, of the Schools of the Town who become students at any university, college or institute. Such scholarships are to be as nearly as practical each for the sum of five hundred dollars annually, and to be paid to each undergraduate in a university, college, or institute to whom it may be awarded by a Committee to be known as the Charles Fales Fund Scholarship Committee," which Committee shall consist of the Superintendent of the Schools of Walpole for the time being, the Principal of the High School of Walpole for the time being, and if there be any time more than one High School in Walpole the Principals of each High School for the time being, and the members for the time being of the School Committee or other body having charge of the Schools of Walpole. The awards of Scholarships shall be for one year and shall be made during the month of December of each and every year. Said Scholarship Committee shall keep a record of its doings and make a report to the Town at the end of each year. It shall so far as practical keep in touch with the progress and standing of each student to whom an award with the progress and standing of each student to whom an award of a scholarship has been made. It is not my desire to hamper in any way the Committee in making their award, but there are these factors which I desire they should take into consideration — Character, Scholarship, and Physical and Mental Vigor. I also desire that students wishing to extend their education along technical lines, shall, other things being equal be given preference."

The amount available for distribution this year was \$3,211.22. In accordance with the provisions of the will that scholarships are to be as nearly as practical each for the sum of five hundred dollars, seven scholarships were awarded.

The Committee, after a careful investigation of the candidates, awarded scholarships to the following:

David Freeman, Rensselaer Polytechnic Institute

Chester Gay, Boston University

Raymond McKenna, Brown University

William Murphy, Harvard College

Marie Repani, Bridgewater Teachers College

Margaret Rockwood, University of Massachusetts

Kendall Strout, Dartmouth College

GILBERT W. ANDERSON, Chairman

KATHARINE CHICK, Secretary

HELEN PERCY

**REPORT OF AN AUDIT OF THE
ACCOUNTS OF THE TOWN OF WALPOLE . . .**

To the Board of Selectmen
Mr. Willis D. McLean, Chairman
Walpole, Massachusetts
Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Walpole for the year ending December 31, 1949, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,
FRANCIS X. LANG,
Director of Accounts

FXL:EV

Mr. Francis X. Lang
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Walpole for the year ending December 31, 1949, and submit the following report thereon:

The financial transactions as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection, were examined and checked with the books of the town accountant and the treasurer.

The books and accounts of the town accountant were examined. The receipts, as recorded, were checked with the treasurer's books and with the receipts of the several departments collecting money for the town, while the payments were checked with the treasury warrants and with the books of the treasurer.

The appropriations, transfers, and loans authorized as listed from the town clerk's records of town meetings, as well as the transfers from the reserve fund authorized by the finance committee, were checked to the town accountant's ledger. The ledger accounts were analyzed, the necessary adjusting entries resulting from the audit were made, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1949.

The books and accounts of the town treasurer were examined and checked. The receipts, as recorded, were compared with the records of the several departments collecting money for the town and with the other sources from which money was paid into the town treasury, while the payments were checked with the warrants of the selectmen authorizing the disbursement of town funds. The cash balance on December 31, 1949 was proved by reconciliation of the bank balances with statements furnished by the banks of deposit and by actual count of the cash in the office.

The records of tax titles held by the town were examined and checked. The amounts added to the tax title account were compared with the collector's records, the reported redemptions were checked, and the tax titles on hand were listed, reconciled with the accountant's ledger balance, and checked with the records in the Registry of Deeds.

The records of tax possessions acquired by the town through foreclosure of tax titles were examined. The sales of tax possessions were compared with the receipts as shown on the treasurer's cash book, and the tax possessions on hand were listed and proved with the town accountant's ledger.

The records of the trust and investment funds in the custody of the town treasurer were examined and checked. The securities and savings bank books were examined and listed, the income being proved and the transfers to the town being verified.

The payments on account of maturing debt and interest were proved with the amounts falling due and checked with the cancelled securities on file.

The books and accounts of the tax collector were examined and checked. The taxes, motor vehicle and trailer excise, and assessment accounts outstanding according to the previous examination and all subsequent commitment lists were analyzed and compared with the assessors' warrants issued for their collection. The reported payments to the treasurer were verified, the recorded abatements were checked with the assessors' records, the transfers to the tax title account were proved, the outstanding accounts were listed and reconciled with the town accountant's ledger, and the cash on hand was proved by actual count of the cash in the office.

The books and accounts of the collector of water charges were examined and checked. The commitments were analyzed, the cash book was footed, the payments to the treasurer were verified, the abatements were checked to the departmental records of abatements granted, and the outstanding accounts were listed and compared with the town accountant's ledger.

Verification of the outstanding tax, motor vehicle and trailer excise, assessment, and water accounts was obtained by mailing notices to a large number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The assessors' records of apportioned and suspended sewer assessments were examined, and the apportionments not due were reconciled with the accountant's ledger.

The financial records of the town clerk were examined and checked. The records of dog and sporting licenses issued and of receipts for marriage permits, recording fees, and miscellaneous charges were checked. The payments to the State and the town were verified and the cash on hand was proved.

The surety bonds furnished by the several town officials for the faithful performance of their duties were examined and found to be in proper form.

The records of cash receipts of the selectmen and the sealer of weights and measures, of the health, highway, library, and school departments, as well as of all other departments wherein money is collected for the town, were examined and checked, the payments to the treasurer and the cash on hand being verified.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, motor vehicle and trailer excise, assessment, tax title, departmental, and water accounts, as well as tables showing the condition and transactions of the trust and investment funds.

During the progress of the audit cooperation was extended by all officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE

Assistant Director of Accounts

ABSTRACTS OF RECORDS OF TOWN MEETING . . .

**TOWN OF WALPOLE
COMMONWEALTH OF MASSACHUSETTS
ANNUAL TOWN MEETING****January 17, 1949**

The Warrant was issued by the Selectmen under date of December 30, 1948 and was signed by Willis D. McLean, John H. White, Royal A. Jones, John J. Burke, and Howard S. Hanna, Selectmen of Walpole.

The Warrant called for the election by ballot of five Selectmen, one Town Treasurer, one Collector of Taxes, one Moderator, all for one year; one Member of the Town Planning Board for five years; one Member of the Town Planning Board to fill vacancy; one Assessor of Taxes for three years; two members of the School Committee, for three years; two members of the Public Library Trustees, for three years; one Commissioner of Trust Funds for three years; and four members of the Walpole Housing Authority.

The proper service of the Warrant was attested by Levi S. Thompson, Constable of Walpole. All the requirements of the Statutes and Town By-Laws relating to Elections were complied with.

Norfolk, ss.

Pursuant to the foregoing Warrant, at a legal meeting the inhabitants of Precinct One of the Town of Walpole, qualified to vote in elections and town affairs, met in the Blackburn Memorial Building, in said Walpole, on

MONDAY, THE SEVENTEENTH DAY OF JANUARY, 1949

at 7:30 o'clock in the forenoon, and the inhabitants of Precinct Two of said Town of Walpole, qualified to vote in elections and town affairs, met in the East Walpole Fire Station, in said Walpole, and the inhabitants of Precinct Three of said Town of Walpole, qualified to vote in elections and town affairs, met in the Community House, in South Walpole, in said Town of Walpole, on the same date and the same hour to bring in their votes for the officers as called for in said Warrant.

The meeting in Precinct One was called to order by Chester B. Gove, Warden of said Precinct, duly qualified for office, who acted as Presiding Officer. He was assisted by the following election officers, all duly qualified for office: Chester Keenan, George Corbett, Frank Kivlin, P. Bernard Spillane, Frank N. Spear, George Hubbard, Bruce Farrar, William E. Smith, Peter Becker,

Walter R. Angus, Daniel Giandomenico, Vincent Fitzpatrick, Daniel H. Delaney, George H. Ryan, and Walter C. Rockwood.

The meeting in Precinct Two was called to order by William F. Geary, Warden of said Precinct, duly qualified for office, who acted as presiding officer. He was assisted by the following election officers, all duly qualified for office: Frederick J. Kinsman, John King, Howard White, Albert Eckert, Richard Sprague, Albert W. Smith and James Hammond.

The meeting in Precinct Three was called to order by Richard J. Quinn, Warden of said Precinct, duly qualified for office, who acted as Presiding Officer. He was assisted by the following election officers, all duly qualified for office: Ralph Boyden, John Wheeler, and Leslie Fish.

After the close of the polls at 8 P.M., when all votes had been canvassed and the results determined in accordance with the provisions of law, declaration thereof was made in open Town

Meeting in the Town Clerk's Office and was as follows:

The total number of votes cast in Precinct One was	1216
The total number of votes cast in Precinct Two was	520
The total number of votes cast in Precinct Three was	194

The total number of votes cast in the three Precincts was 1930

The result of the vote was as follows:

Selectmen (for one year, five to be elected)

Fred J. Tetreault was declared elected an Assessor for a term of three years and was sworn into office by Arthur L. Laliberty, Town Clerk.

Joseph Erker, Jr. and Edward B. Holmes were declared elected members of the School Committee for terms of three years and were sworn into office by Arthur L. Laliberty, Town Clerk.

Willis D. McLean was declared elected a member of the Town Planning Board for a term of five years and was sworn into office by Arthur L. Laliberty, Town Clerk.

Samuel R. Hoffman was declared elected to the Town Planning Board for a term of two years and was sworn into office by Arthur L. Laliberty, Town Clerk.

Caroline P. Roundy was declared elected a Trustee of Public Library for three years and was sworn into office by Arthur L. Laliberty, Town Clerk. Eleanor M. Harding was declared elected a Trustee of Public Library for three years and qualified for office before Arthur L. Laliberty, Town Clerk.

James A. Valentine was declared elected a Commissioner of Trust Funds for a term of three years and was sworn into office by Arthur L. Laliberty, Town Clerk.

Robert Booth, James B. Maguire, Denis F. O'Brien, and Albert W. Smith were declared elected members of the Walpole Housing Authority, Mr. Booth for one year, Mr. Maguire for four years, Mr. O'Brien for two years, and Mr. Smith for five years. They were all sworn into office by Arthur L. Laliberty, Town Clerk.

In accordance with the foregoing warrant, the meeting was adjourned to Monday, February 14, 1949, at 7:30 P.M., in the Walpole High School Auditorium, Walpole, Mass.

A true copy. Attest:

ARTHUR L. LALIBERTY,

Town Clerk of Walpole.

**TOWN OF WALPOLE
COMMONWEALTH OF MASSACHUSETTS
ADJOURNED ANNUAL TOWN MEETING**

February 14, 1949

Norfolk, ss:

Pursuant to the Adjournment of the Annual Town Meeting held in the Town of Walpole on Monday, January 17, 1949, the

Adjourned Town Meeting of the Inhabitants of the Town of Walpole, qualified to vote in elections and town affairs, was held in the Auditorium of the High School Building, in said Walpole, on Monday, February 14, 1949.

The meeting was called to order at 7:30 P.M. by Henry W. Caldwell, Moderator, a quorum being present.

On motion made and seconded, it was

Voted: to waive the reading of the Warrant.

Article 1. To elect all Town Officers not elected by ballot.

On motion made and seconded, it was

Voted: that David G. Fisher and Walter F. Meyer be elected as Surveyors of Lumber and Measurers of Wood and Bark.

Article 2. To hear and act on the report of any Committee or to choose any Committee the Town may think proper and transact any other business that may legally come before the Town.

On motion made and seconded, it was

Voted: that action be postponed on Articles 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21; 22; 23, 24, 25, 26, 31, 32, 33; 34; 35; 36, 37, 38, 39, 40, 41, 42; 43; 44, 45, 46, and 52 until the adjourned town meeting when the Appropriation Committee report is submitted.

On motion made and seconded, it was

Voted: that Albert H. Smith, Walter J. Muldoon, John J. Easton, Philip R. Pearson, and Aaron H. Hill be a committee to be known as the New Fire House Committee to take over the duties, responsibilities, appropriations, etc., of the present committee appointed February 18, 1946 to study the question of replacing of the Central Fire Station, and which Committee is hereby discharged.

This new Committee shall not be restricted to any location but may submit one or more locations together with such preliminary plans as to them seems adapted to the needs of the Town for the next fifty years or more.

Said Albert W. Smith is directed to call the Committee together for organization and otherwise as may seem essential.

And it is further ordered that the Moderator is empowered to fill any vacancy occurring in this Committee.

Article 3. To see if the Town will authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time, in anticipation of the revenue of the financial year beginning January 1, 1949, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws. (Ter. Ed.)

Harry Mann and Charles Sumner were appointed counters and sworn in by the Moderator.

On motion made and seconded, it was

Voted: that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1949, to an amount not exceeding in the aggregate Four Hundred and Fifty Thousand Dollars (\$450,000.00) and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with the provisions of Section 17, Chapter 44 General Laws (Ter. Ed.) any debt or debts incurred under this vote to be paid from the revenue of the financial year beginning January 1, 1949.

With no further business to come before this meeting, and in accordance with the Town Charter, the Moderator declared this meeting adjourned until next Monday, February 21, 1949, at 7:30 P.M. in the High School Auditorium. Meeting was adjourned at 8:00 P.M.

A true copy. Attest:

ARTHUR L. LALIBERTY,
Town Clerk of Walpole.

**TOWN OF WALPOLE
COMMONWEALTH OF MASSACHUSETTS
ADJOURNED ANNUAL TOWN MEETING**

February 21, 1949

Norfolk, ss:

Pursuant to the Adjournment of the Adjourned Annual Town Meeting held in the Town of Walpole on Monday, February 14, 1949, an Adjourned Town Meeting of the Inhabitants of the Town of Walpole qualified to vote in town affairs, was held in the Auditorium of the High School Building, in said Walpole, on Monday, February 21, 1949.

The meeting was called to order by Henry W. Caldwell, Moderator, at 7:30 P.M.

A quorum NOT being present, on motion made and seconded, it was

Voted: that this meeting be adjourned to Monday, March 14, 1949, at 7:30 P.M., in the auditorium of the High School, in accordance with a motion submitted by the Appropriation Committee.

A true copy. Attest:

ARTHUR L. LALIBERTY,
Town Clerk of Walpole.

**TOWN OF WALPOLE
COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING**

Norfolk, ss:

Pursuant to the foregoing warrant, a SPECIAL TOWN MEETING of the inhabitants of the Town of Walpole, qualified to vote in elections and town affairs, was held in the Auditorium of the High School, in said Walpole, on Monday, February 28, 1949, at 8:30 P.M.

All the requirements of the Statutes and by-laws relating to the calling of the Special Town Meeting having been complied with, the meeting was called to order by Henry W. Caldwell, Moderator, at 8:30 P.M., a quorum being present.

On motion made and seconded, it was

Voted: to waive the reading of the Warrant.

Article 1. To hear and act on the report of any Committee or to choose any Committee the Town may think proper and transact any other business that may legally come before the Town.

No action taken under this article.

Article 2. To see if the Town will vote to raise and appropriate a sum of money for the payment of bills incurred for the Health Department in 1948, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that the Town raise and appropriate the sum of \$241.00 for the payment of bills incurred for the Health Department in 1948.

Standing vote — declared unanimous by the Moderator.

Article 3. To see if the Town will vote to authorize the Board of Selectmen to make a layout of Robbins Road from the end of the present construction to the end of the property which will be deeded to the Walpole Housing Authority by the Town, or do or act anything in relation thereto. (Petition of Walpole Housing Authority)

No action taken under this article.

On motion made by John H. White, and seconded, it was

Voted: that the Town authorize the Board of Selectmen to make a layout of Robbins Road from the end of the present construction to the end of the property which will be deeded to the Walpole Housing Authority by the Town.

Article 4. To see if the Town will vote to rebuild Robbins Road, from the end of the present construction to the end of the property which will be deeded to the Walpole Housing Authority by the Town, raise and appropriate money therefor, or do or act anything in relation thereto. (Petition of the Walpole Housing Authority)

On motion made and seconded, it was

Voted: that this article be indefinitely postponed.

Article 5. To see if the Town will vote to install approximately 104 feet of curbing on Lewis Avenue in front of the residence of Frederick A. Hartshorn, raise and appropriate money therefor or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that no appropriation be made under this article.

Article 6. To see if the Town will vote to authorize the Board of Selectmen to appoint one of its members to the Department of Public Works at a salary to be fixed by the Town, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that the Town authorize the Board of Selectmen to appoint one of its members to the Department of Public Works at the hourly rate as provided in said department appropriation.

Declared a unanimous vote by the Moderator.

No further business to come before this meeting, the meeting was declared dissolved by the Moderator at 8:40 P.M.

A true copy. Attest:

ARTHUR L. LALIBERTY,

Town Clerk of Walpole.

**TOWN OF WALPOLE
COMMONWEALTH OF MASSACHUSETTS
ADJOURNED ANNUAL TOWN MEETING**

March 14, 1949

Norfolk, ss:

Pursuant to the Adjournment of the Adjourned Annual Town Meeting held in the Town of Walpole on Feb. 21, 1949, an Adjourned Annual Town Meeting of the Inhabitants of the Town of Walpole, qualified to vote in town affairs, was held in the Auditorium of the High School, in said Walpole, on Monday, March 14, 1949.

The meeting was called to order at 7:30 P.M. by Henry W. Caldwell, Moderator, a quorum being present.

Article 2. On motion made and seconded, it was

Voted: that the recommendations of the Appropriation Committee as read by the Moderator be accepted as motions.

Article 9. To see if the Town will vote to instruct the Selectmen, to provide compensation under the Workmen's Compensation Act, for its laborers, workmen, and mechanics, including all employees of the Town regardless of the nature of their duties, receiving injuries arising out of and in the course of their employment or in case of death resulting from such injury, raise and

appropriate money therefor, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that the Town raise and appropriate the sum of \$4,100.00 to provide compensation under the Workmen's Compensation Act, for its laborers, workmen, and mechanics, including all employees of the Town regardless of the nature of their duties, receiving injuries arising out of and in the course of their employment or in case of death resulting from such injury.

Article 10. To see what compensation the Town will allow its Selectmen, Assessors of Taxes, Town Treasurer, and Collector of Taxes, for their services for the ensuing year, raise and appropriate money therefor, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that the compensation for the Town's Selectmen, Assessors of Taxes, Town Treasurer, and Collector of Taxes shall be such as are designated and included in the recommendations under Article II.

Article 11. To see if the Town will vote to raise and appropriate or transfer such sums of money as may be necessary to defray the regular departmental expenses of the Town for the ensuing year, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that the Town raise and appropriate or transfer the following designated amounts to defray the regular departmental expenses of the Town for the ensuing year:

**COMMONWEALTH OF MASSACHUSETTS
TOWN OF WALPOLE**

April 11, 1949

SPECIAL TOWN MEETING

Norfolk, ss:

Pursuant to the foregoing warrant, a Special Town Meeting of the inhabitants of the Town of Walpole, qualified to vote in Town affairs, was held in the Auditorium of the High School Building, in said Walpole, on

MONDAY, APRIL 11, 1949 at 8:00 P. M.

The meeting was called to order by the Moderator. A quorum not being present, the Moderator declared the meeting adjourned for 15 minutes if there were a quorum present at that time.

At 8:20 P. M. the Moderator, a quorum still not being present,

declared the meeting adjourned until the next Special Town Meeting.

A true copy. Attest:

ARTHUR L. LALIBERTY,

Town Clerk of Walpole

SPECIAL TOWN MEETING

May 16, 1949

Norfolk, ss:

Pursuant to the foregoing warrant a Special Town Meeting of the inhabitants of the Town of Walpole, qualified to vote in Town affairs, was held in the Auditorium of the High School Building in said Walpole, on

MONDAY, MAY 16, 1949 at 8:00 P. M.

The meeting was called to order by the Moderator at 8:00 P. M.

On motion made and seconded, it was

Voted: to waive the reading of the Warrant.

Mr. W. D. McLean brought up the fact that the Town still had some old business from the April 11, 1949 meeting to dispense with. No objections being voiced, the Moderator declared this meeting adjourned until the old business was over.

Article 2.

On motion made and seconded, it was

Voted: that this article be indefinitely postponed.

No further business to come before this meeting, the meeting was declared dissolved by the Moderator, Henry W. Caldwell.

Article 1.

The meeting was called to order, a quorum being present, by the Moderator.

Mr. Buffington submitted a report for the Stone School Building Committee.

On motion made and seconded, it was

Voted: that the report be accepted.

On motion made and seconded, it was

Voted: that the Stone School Building Committee be authorized to proceed with the construction of a Grade School Building approximately in accordance with the Preliminary Plans submitted to the Town at the Special Town Meeting of November 15th, 1948, said School to be located on Park land as shown in that report.

On motion made and seconded, it was

Voted: that the Board of Selectmen and the Stone School Building Committee be authorized to fill any vacancies which may occur in the Stone School Building Committee, and said Building Committee to be limited to five members.

On motion made and seconded, it was

Voted: that the sum of \$450,000.00 be and the same is hereby appropriated for the purposes of constructing a school building and originally equipping and furnishing the same, all substantially in accordance with plans submitted to the Town by the Stone School Building Committee appointed February 18, 1946; that said sum of \$450,000. be raised as follows: \$300,000. by bonds or notes under Authority of Chapter 40, Acts of 1949, payable in not more than 20 years from their date; \$145,000. by issuance of bonds or notes under authority of Chapter 44 of the General Laws, payable in not more than 20 years from their date; \$5,000., which is a sum equal at least to .25c per \$1,000. of the valuation of the Town for the year 1948, in the current year's tax levy. Other particulars as to forms, Maturities, interest rate, issuance and sale of said issues of bonds or notes shall be determined by the Treasurer with the approval of the Selectmen.

Affirmative — 377

Negative — 0

Article 3. To see if the Town will vote to authorize the Board of Selectmen to make a layout of Robbins Road from the end of the present construction to the end of the property which has been deeded to the Walpole Housing Authority, raise and appropriate money therefor, or do or act anything in relation thereto. (Petition of the Walpole Housing Authority)

A true copy. Attest:

ARTHUR L. LALIBERTY,
Town Clerk of Walpole.

SPECIAL TOWN MEETING

Tuesday, November 8, 1949 — 8 P.M.

Article 1. No action taken under this article.

Article 2. To see if the Town will accept a report of the Board of Selectmen, acting as the Board of Survey and accept a layout of Page Avenue (formerly called Gould Street Extension) in accordance with a plan by Kenneth E. McIntyre, C.E. dated March 6, 1949, or do or act anything in relation thereto. (Petition of Gould Street Extension Association)

On motion made and seconded, it was

Voted: that the Town accept a report of the Board of Selectmen acting as the Board of Survey and accept a layout of Page Avenue (formerly called Gould Street Extension) in accordance with a plan by Kenneth E. McIntyre, C.E. dated March 6, 1949.

Article 3. To see if the Town will accept a report of the Board of Selectmen, acting as the Board of Survey and accept a layout of Marguerite Road as shown on a plan by W. R. Lewis, Jr., C.E., dated October 4, 1949, or do or act anything in relation thereto. (Petition of Joseph Lorusso)

On motion made and seconded, it was

Voted: that the Town accept a report of the Board of Selectmen, acting as the Board of Survey and accept a layout of Marguerite Road as shown on a plan by W. R. Lewis, Jr., C.E., dated October 4, 1949.

Article 4. To see if the Town will vote to accept a report of the Board of Selectmen, acting as the Board of Survey, and accept a layout of Lewis Park Drive, North, and Lewis Park Drive, South, as shown on a plan by Arnold Schaier, C.E. dated May 14, 1949, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that the Town accept a report of the Board of Selectmen, acting as the Board of Survey, and accept a layout of Lewis Park Drive, North, and Lewis Park Drive, South, as shown on a plan by Arnold Schaier, C.E. dated May 14, 1949.

Article 5. To see if the Town will vote to rebuild May Street from Washington Street to the Athletic Field, raise and appropriate by transfer a sum of money therefor, or do or act anything in relation thereto. (Petition of W. Geigle and others)

On motion made and seconded, it was

Voted: that no appropriation be made under this article.

Article 6. To see if the Town will vote to rebuild Clinton Avenue from Washington Street to South Street and to continue on South Street to the hydrant at the Kerr Farm, raise and appropriate by transfer a sum of money therefor, or do or act anything in relation thereto. (Petition of Clinton F. Shufelt and others)

On motion made and seconded, it was

Voted: action postponed to next annual town meeting.

Article 7. To see if the Town will vote to rebuild South Street from Washington Street at Terrace Hill Cemetery to Clinton Avenue, raise and appropriate by transfer a sum of money therefor, or do or act anything in relation thereto. (Petition of Clinton F. Shufelt and others)

On motion made and seconded, it was

Voted: that no appropriation be made under this article.

Article 8. To see if the Town will vote to extend the 6" water main in Barstow Road from its present end and southwesterly approximately 170 feet, raise and appropriate by transfer a sum of money therefor, or do or act anything in relation thereto. (Petition of Bert Ellsworth and others)

On motion made and seconded, it was

Voted: that the Town extend the 6" water main in Barstow Road from its present end southwesterly approximately 150 feet, and raise and appropriate by transfer from the excess and deficiency account \$500.00 therefor, subject to a 6% guarantee.

Article 9. To see if the Town will vote to install a 6" water main in Lewis Park Drive, North and Lewis Park Drive, South, raise and appropriate by transfer a sum of money therefor, or do or act anything in relation thereto. (Petition of Herbert W. Lewis)

On motion made and seconded, it was

Voted: that action on this article be postponed to the next annual town meeting.

Article 10. To see if the Town will vote to install a 6" water main in Marguerite Road, 480 feet easterly, raise and appropriate by transfer a sum of money therefor, or do or act anything in relation thereto. (Petition of Joseph Lorusso)

On motion made and seconded, it was

Voted: that the Town install a 6" water main in Marguerite Road, approximately 480 feet easterly, and raise and appropriate by transfer from the Excess and Deficiency Account \$1,500.00 therefor, subject to a 6% guarantee.

Article 11. To see if the Town will vote to install a 6" water main in Page Avenue, raise and appropriate by transfer a sum of money therefor, or do or act anything in relation thereto. (Petition of Gould Street Extension Association)

On motion made and seconded, it was

Voted: that the Town install a 6" water main in Page Avenue, approximately 800 feet easterly, and raise and appropriate by transfer from the Excess and Deficiency Account \$2,200 therefor, subject to a 6% guarantee.

Article 12. To see if the Town will vote to install a hydrant on Washington Street, near the residence of W. R. McNeil, raise and appropriate by transfer a sum of money therefor, or do or act anything in relation thereto. (Petition of W. R. McNeil)

On motion made and seconded, it was

Voted: that no appropriation be made under this article.

Article 13. To see if the Town will vote to build a sidewalk on the easterly side of Moose Hill Road, from the end of the existing walk in front of No. 4 Moose Hill Road to the corner of Moose Hill Road and Woodland Road, a distance of approximately 270 feet, raise and appropriate by transfer a sum of money therefor, or do or act anything in relation thereto. (Petition of Frank P. Reynolds and others).

On motion made and seconded, it was

Voted: that action under this article be postponed until the next annual town meeting.

Article 14. To see if the Town will vote to rebuild a portion of the sidewalk on East Street, between the residences of Louis Carpentiero and Albert Massarotti, raise and appropriate by transfer a sum of money therefor, or do or act anything in relation thereto. (Petition of Oreste Saraca and others).

On motion made and seconded, it was

Voted: that no appropriation be made under this article.

Article 15. To see if the Town will vote to install curbing on the westerly side of Washington Street from the end of the present curbing to the driveway of the residence of John J. Easton, raise and appropriate by transfer a sum of money therefor, or do or act anything in relation thereto. (Petition of John J. Easton).

On motion made and seconded, it was

Voted: that action on this article be postponed until next annual Town meeting.

Article 16. To see if the Town will vote to raise and appropriate by transfer a sum of money for the Water Department, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that the Town raise and appropriate by transfer from the excess and deficiency account \$9,000.00 for the Water Department Expenses.

Article 17. To see if the Town will vote to transfer from the Welfare Expense Account to the Aid to Dependent Children Expense Account the sum of \$1,000.00 or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that the Town vote to transfer from the Welfare Expense Account to the Aid to Dependent Children Expense Account the sum of \$1,000.00.

Article 18. To see if the Town will vote to install a sewer on Fuller Avenue, off Union Street, to the residence of Frank LaCivita, raise and appropriate by transfer a sum of money therefor, or do or act anything in relation thereto. (Petition of Frank J. LaCivita and others).

On motion made and seconded, it was

Voted: that action be postponed until next annual Town meeting.

Article 19. To see if the Town will vote to install a sewer through a Right of Way from Pleasant Street to the residences of Anthony Blazonis and Anthony C. Capachine, raise and appropriate by transfer a sum of money therefor, or do or act anything in relation thereto. (Petition of John Blazonis and others).

On motion made and seconded, it was

Voted: that no appropriation be made under this article.

Article 20. To see if the Town will vote to rebuild a portion of the retaining wall on Neponset Street adjacent to Ruckaduck Pond, raise and appropriate by transfer a sum of money therefor, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that the Town vote to rebuild a portion of the retaining wall on Neponset Street adjacent to Ruckaduck Pond, and raise and appropriate by transfer from the Excess and Deficiency Account the sum of \$750.00 therefor.

Article 21. To see if the Town will vote to raise and appropriate by transfer a sum of money for a Land Court Survey of Robbins Farm (so-called) or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that the Town raise and appropriate by transfer from the Excess and Deficiency Account the sum of \$800.00 for a Land Court Survey of Robbins Farm.

Article 22. To see if the Town will vote to have a study made of the Water Department to determine the adequacy and need of improvements for all parts of the Town's Water Works System, including the preparation of a Master Plan to show the existing water system and the necessary improvements and extensions of the system, raise and appropriate by transfer a sum of money therefor, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that action under this article be postponed to the next annual Town meeting.

Article 23. To see if the Town will vote to install a 12" water main from the Stand Pipes on High Plain Street, along High Plain Street to Old Post Road, thence along Old Post Road to Pleasant

Street, thence along Pleasant Street to Wolcott Avenue, thence along Wolcott Avenue to Union Street, thence along Union Street to Chestnut Street, thence along Chestnut Street to Washington Street, thence along Washington Street to Hollingsworth & Vose Company and install an 8" water main in Polley Lane from Old Post Road to the existing main in Polley Lane and authorize the Selectmen to construct said project and contract with respect thereto and authorize the Treasurer, with the approval of the Selectmen to borrow such sums as may be necessary to meet any appropriation made and to issue bonds or notes therefor, payable in or within fifteen years or raise and appropriate by transfer such sums as may be necessary therefor, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that this article be indefinitely postponed.

Article 24. To see if the Town will vote to raise and appropriate by transfer a sum of money for the Park Department, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that the Town raise and appropriate by transfer from the Excess and Deficiency Account \$1,700.00 for the Park Department Expenses.

Article 25. To see if the Town will vote to raise and appropriate by transfer a sum of money for the Police Department Expense Account, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that the Town raise and appropriate by transfer from the Excess and Deficiency Account \$525.00 for the Police Department Expenses and Special Officers.

Article 26. To see if the Town will vote to raise and appropriate by transfer a sum of money for the Fire Department Expense Account, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that the Town raise and appropriate by transfer from the Excess and Deficiency Account \$300.00 for the Fire Department Maintenance Account.

Article 27. To see if the Town will vote to raise and appropriate by transfer a sum of money to cover the expenses of the Committee appointed to consider the question of replacing the Central Fire Station, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that no appropriation be made under this article.

Article 28. To see if the Town will vote to install a sewer on Marguerite Road, 480 feet easterly, raise and appropriate by transfer a sum of money therefor, or do or act anything in relation thereto. (Petition of Joseph Lorusso).

On motion made and seconded, it was

Voted: that the Town vote to install a sewer in Marguerite Road, and raise and appropriate by transfer from the Excess and Deficiency Account \$750.00 for materials therefor.

No further business to come before this meeting, the meeting was declared dissolved by the Moderator at 8:45 P. M.

ARTHUR L. LALIBERTY,

Town Clerk of Walpole.

SPECIAL TOWN MEETING

Norfolk, ss:

Pursuant to the foregoing warrant, a SPECIAL TOWN MEETING of the inhabitants of the Town of Walpole, qualified to vote in elections and Town affairs, was held in the Auditorium of the High School, in said Walpole, on

MONDAY, NOVEMBER 21, 1949, at 8:00 P. M.

All the requirements of the Statutes and By-Laws relating to the calling of the Special Town Meeting having been complied with, the meeting was called to order by Henry W. Caldwell, Moderator, at 8:00 P. M., a quorum being present.

On motion made and seconded, it was

Voted: to waive the reading of the Warrant.

Article 1. To hear and act on the report of any Committee or to choose any Committee the Town may think proper and transact any other business that may legally come before the Town.

On motion made and seconded, it was

Voted: that the Town appoint a Committee to investigate and study the possible effects of the proposed addition to the State Prison Colony if, as planned, it is constructed in the Town of Walpole and that James A. Valentine, Geoffrey E. Plunkett and H. Dean Griswold shall be and hereby are appointed as said Committee.

Article 2. To see if the Town will vote to raise and appropriate a sum of money for the purpose of constructing a school building and originally equipping and furnishing the same, said appropriation to be in addition to the sum of \$450,000.00 appropriated under Article 2 of the warrant for the special Town meeting held May 16, 1949, determine whether the money shall be provided for by borrowing, by appropriation from available funds, or otherwise; or take any action in relation thereto.

On motion made and seconded, it was

Voted: that the sum of \$50,000.00 be raised and appropriated for the purpose of constructing a school building and originally equipping and furnishing the same, said appropriation to be in addition to the appropriation of \$450,000.00 voted under Article 2

of the Warrant for the Special Town Meeting held May 16, 1949, and that to meet the said appropriation of \$50,000.00 the treasurer, with the approval of the selectmen, be and hereby is authorized to borrow the sum of \$50,000.00 and to issue bonds or notes of the Town therefor payable in accordance with the provisions of Chapter 44 of the General Laws so that the whole loan shall be paid in not more than 20 years from the date of issue of the first bond or not.

Timothy A. Cullinane and Wallace Duncan were sworn in as counters by the Moderator.

Yes	91
No	0

Vote was declared unanimous by the Moderator.

Article 3. To see if the Town will vote to make a layout of Old Post Road from Pleasant Street to High Plain Street, raise and appropriate by transfer a sum of money therefor, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that the Town vote to make a layout of Old Post Road from Pleasant Street to High Plain Street and raise and appropriate by transfer from the Excess and Deficiency Account the sum of \$900.00 therefor.

Article 4. To see if the Town will vote to install a 12" water main from the Stand Pipes on High Plain Street, along High Plain Street to Old Post Road, thence along Old Post Road to Pleasant Street, thence along Pleasant Street to Wolcott Avenue, thence along Wolcott Avenue to Union Street, thence along Union Street to Chestnut Street, thence along Chestnut Street to Washington Street, thence along Washington Street to Hollingsworth & Vose Company, or any portion thereof, and resurface said streets, and authorize the Selectmen to construct said project and contract with respect thereto and authorize the Treasurer with the approval of the Selectmen to borrow such sums as may be necessary to meet any appropriation made and to issue bonds or notes therefor, payable in or within fifteen years, or raise and appropriate by transfer such sums as may be necessary therefor, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that the Town vote to install a 12" water main from the Stand Pipes on High Plain Street along High Plain Street to Old Post Road, thence along Old Post Road to Pleasant Street and authorize the Selectmen to construct said project and contract with respect thereto; and raise and appropriate the sum of \$65,000.00 therefor as follows:

\$30,000.00 therefor by transfer from the Excess and Deficiency Account and authorize the Treasurer, with the approval of the

Selectmen, to borrow \$35,000.00 and to issue bonds or notes therefor payable within ten years.
